

NOTICE OF CONSTRUCTION

Vellore Village Community Centre

Start Date: September 11, 2018
End Date: Mid-December 2018

The City of Vaughan, Infrastructure Delivery Department is excited to announce that the final phase of construction work at the Vellore Village Community Centre (VVCC) will start on Tuesday, September 11, 2018.

The project consists of main entrance and walkway improvements which start at the sidewalk along Villa Royale Avenue and end at the overhead service door locations on the North face of the community centre.

The scope of the work includes but is not limited to: removing all existing interlocking paving and fixed-in-place elements (eg. tree grates, seating, bike racks) and replacement with new interlocking paving; new large planter bed with integrated seating; new plant material, and new bike racks and waste receptacles.

The main entrance vestibule will remain in operation for the majority of the construction period, however the western entrance doors will be required to be used for a short period while work adjacent to the vestibule is completed.

For your safety, please respect all posted construction signs, site construction fencing and stay clear of the work areas, equipment and machinery.

Your cooperation and patience is appreciated.
