Facility Closures - Various Playgrounds

October 9, 2018

Please be advised that construction at various playground facilities throughout the City of Vaughan parks will commence starting October 2018. The playgrounds are expected to re-open by Spring 2019. The purpose of the closures is to replace the existing playground structures and safety surfacing with new play structures and wood fibre safety surfacing to meet current accessibility requirements.

Please note there will be temporary interruptions along adjacent roads due to delivery of construction material. We ask the public to please use caution and respect the warning signs and fences when present. Below is a list of parks which will undergo construction.
