On Wednesday April 22, 2015, the City of Vaughan Policy Planning Department and the City's lead consultant, The Planning Partnership will host the first in a series of Public Open House meetings respecting the preparation of the Secondary Plan for Block 41, one of the City's New Community Areas. The entire area of Block 41 is approximately 441 ha in size.

PURPOSE OF THE STUDY:

In accordance with the York Region Official Plan and Vaughan Official Plan 2010, the City of Vaughan is embarking on the preparation of a Secondary Plan for Block 41. The Secondary Plan will provide the policy framework and resulting land use plan to guide the future development of Block 41. Block 41 will be primarily residential with a mix of housing types, and will also include retail stores, restaurants, offices, parks, community facilities, and schools.

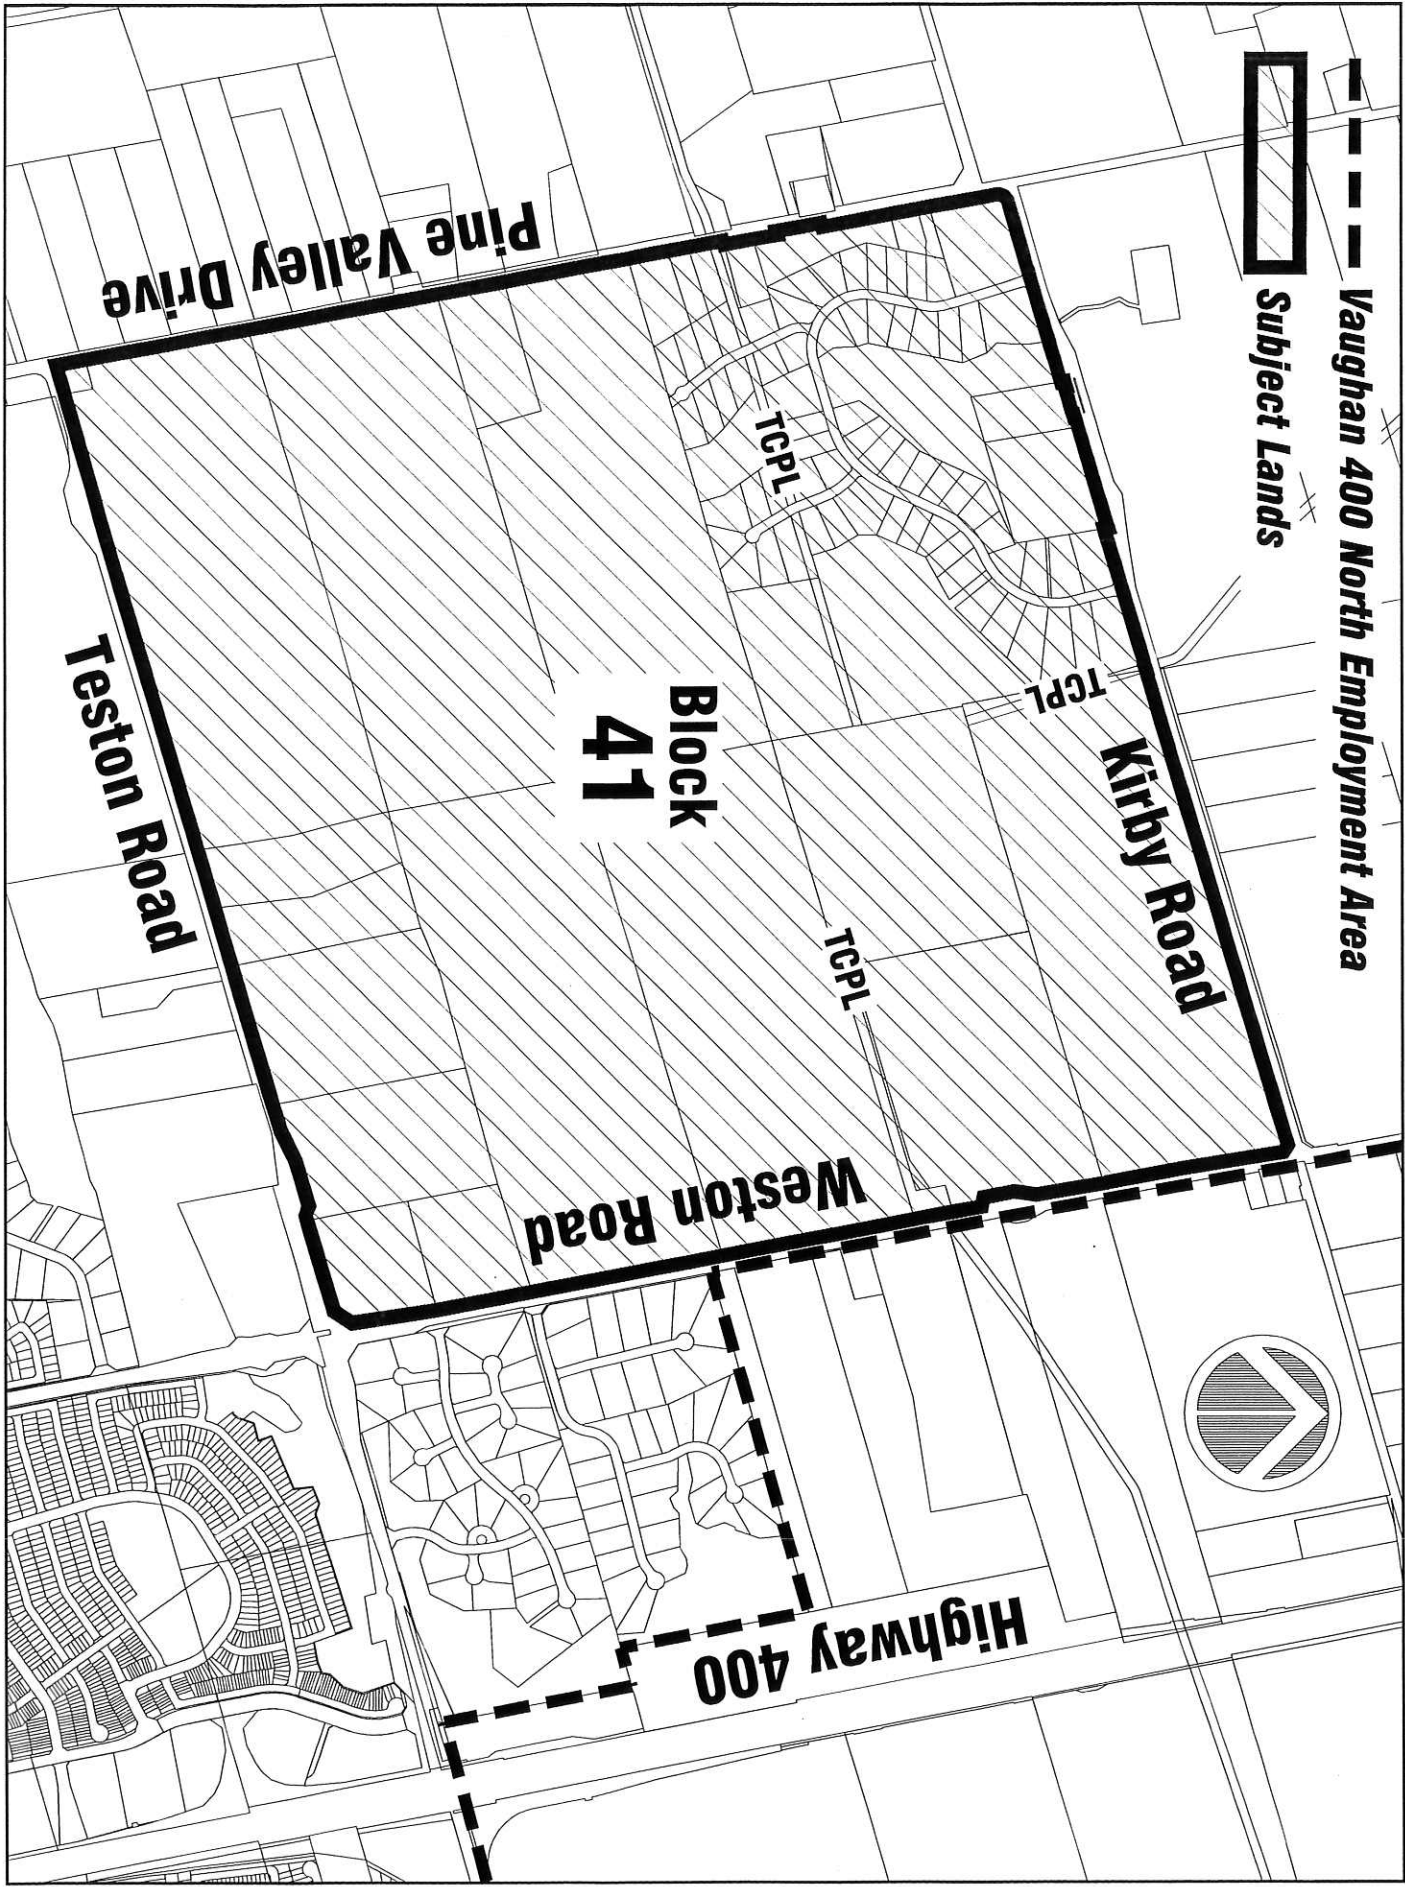

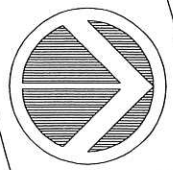

PURPOSE OF THE MEETING:

The Visioning Summit will provide those in attendance with information regarding the Block 41 Secondary Plan study process. The Summit will provide an opportunity to discuss the existing conditions and characteristics of the subject lands, the issues and opportunities respecting the development of the new community, and the principles which will guide the Secondary Plan process. The meeting will include a presentation and will be followed by round table discussions and activities to obtain public input on the future of the Block to inform the preparation of the Secondary Plan.
