WASTE MATERIALS SET OUT TIME

Set waste materials out by
7 a.m. on collection day.

DURING WINTER MONTHS

- Waste materials (including Christmas trees) should be kept off roads and snowbanks.
- Set out waste on the right side of your driveway approximately 0.9 metres (three feet) from the curbside. The right side of the driveway is defined as the right side when standing at the curb facing the house.

CHRISTMAS TREE COLLECTION

Christmas trees are collected from Jan. 8 to Jan. 18 on your regular collection day.

Remove tinsel and ornaments from Christmas trees before disposal.
