Vaughan's Animal Services provides animal control, sheltering and adoption services for Vaughan, Bradford/West Gwillimbury and King.

What We Do:

Vaughan Animal Services include animal control, sheltering and adoption services. Dog and Cat licensing is only available for Vaughan residents at this time.

Our adoption facility provides lost and found services to pet owners dedicated to having their animal(s) return home. Adoptions are normally stray animals that have not been claimed by their owners or in some cases have been surrendered by their owner.

Our Mission:

To ensure cats and dogs are properly identified through our licensing system, enabling us to return strays back to their families and re-homing unclaimed animals.

Hill's® Science Diet® "Second Chance for Love" Shelter Program has partnered with us and is providing dry pet food for all dogs and cats being cared for here at our facility.

We do not require individual dry pet food donations because of this partnership.

However we do have a "wish list" of needed items for the animals in our care. Simply ask any staff member.

Thank you for your support!
