

RIZMI HOLDINGS LIMITED

NOTICE OF PUBLIC INFORMATION CENTRE #2

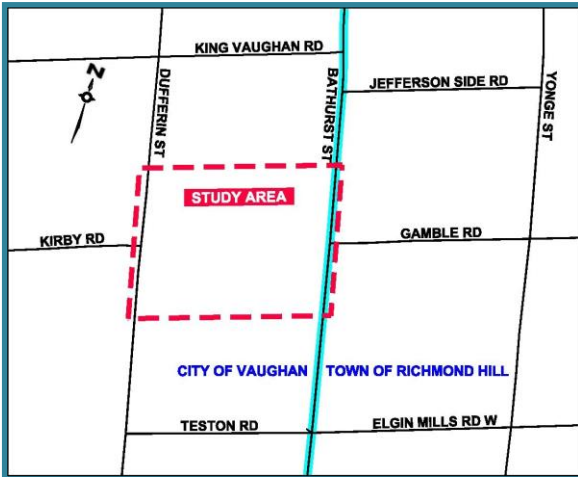

Environmental Assessment Study Kirby Road Extension between Dufferin Street and Bathurst Street City of Vaughan

Rizmi Holdings Limited (RHL) authorized by the City of Vaughan is undertaking an Environmental Assessment Study (EA Study) to establish the preferred alignment and design for the extension of Kirby Road between Dufferin Street and Bathurst Street.

The EA Study is conducted as a Schedule 'C' Municipal Road Project in accordance with the current Municipal Engineers Association Municipal Class Environmental Assessment process. The EA Study takes into account findings of the City of Vaughan Transportation Master Plan (2013) and the Regional

Municipality of York Transportation Master Plan (2016). Both plans completed Phases 1 and 2 of the EA process and confirmed the need for Kirby Road extension. The approximate study area limits are shown on the map to the left.

The EA process adapted for the EA Study includes: consultation with public and review agencies; screening and evaluation of alternative road alignments and design concepts; assessment and mitigation of potential effects of the proposed Kirby Road extension on the environment; preparation of an Environmental Study Report (ESR) that will document the study process and identify the preferred alignment and design for the extension of Kirby Road.

At the conclusion of the EA Study, the ESR will be provided to the City of Vaughan. The City will then determine whether or not to issue a Notice of Study Completion as a co-proponent and file the ESR for public review.

You are invited to attend the Public Information Centre (PIC) #2 listed below.

DATE: Thursday, June 28, 2018

TIME: Visit anytime between 6:00 PM to 8:30 PM

LOCATION: Civic Centre Resource Library (in the Meeting room)
2191 Major Mackenzie Drive West, Vaughan, ON L6A 4W2

The PIC #2 will be held in an open house format to view the presentation displays and speak with the project team. The PIC #2 will present the evaluation of alternative design concepts developed for road cross-section and short-listed alignments, and recommended design concepts. The project team is seeking your input on the recommended road cross-section and horizontal alignment design concepts.

To request additional information, provide input or to be placed on the mailing list for future study updates, please contact the RHL's consultant's office, as follows:

Leonid Groyzman, Class EA Lead, Schaeffers Consulting Engineers, 6 Ronrose Drive, Concord, ON L4K 4R3 Phone: 905-738-6100 ext: 245; Fax: 905-738-6875; email: KirbyRdEA@schaeffers.com; website: <http://www.schaeffers.com/kirbyroadextension.asp>

Comments and information regarding this project are being collected in accordance with the requirements of both the Environmental Assessment Act and the Planning Act. With the exception of personal information, all other information received may be included in project documentation and may become part of the public record.

This Notice first issued June 14, 2018.
