

2017 Budget

- The residential property tax increase for 2017 is 2.9 per cent
- \$277 million are being allocated for operating expenses
- \$114 million are being allocated for capital projects and improvements
- The 2017 budget meets Council's mandate to limit the annual property tax increases to no more than three per cent per year during this Council term

Operating Budget Highlights:

The operating budget is used to run City facilities, programs and services, such as recreation programs, waste collection, snow clearing, and fire and rescue services. Here are some highlights:

- \$55.1 million for Public Works – this includes services such as snow clearing, maintenance of parks and waste collection
- \$53.7 million for Community Services – this includes recreation programs, like swimming and fitness, by-law and compliance services, and maintenance of City buildings
- \$48.3 million for Vaughan Fire and Rescue Service – this includes daily operation of fire services and public safety education programs
- \$26.8 million for Planning and Growth Management – this includes managing growth in the city, environmental sustainability initiatives and economic development initiatives

Capital Budget Highlights:

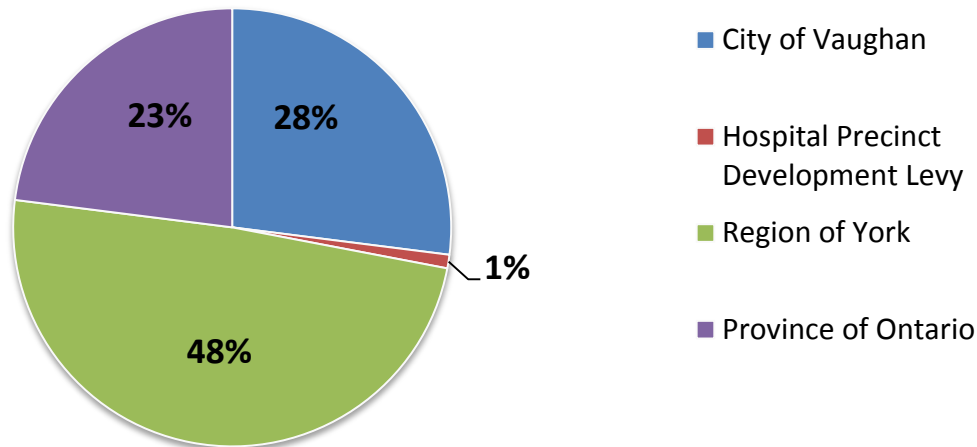

The capital budget is used to build and repair City infrastructure, including roads, pipes and buildings.

- \$8.3 million to facilitate the development of the Vaughan Metropolitan Centre by attracting businesses and amenities to the area
- \$9.7 million to support and promote arts, culture, heritage and sports by providing community enrichment through library upgrades, new parks and field improvements
- \$3.6 million to improve the municipal road network by working with other levels of government to plan and rehabilitate roads, and facilitating road extensions
- \$5.9 million to continue to develop options to get around the city by creating routes for transit, cycling and pedestrian travel
- \$16.9 million to continue to cultivate an environmentally sustainable city by furthering initiatives to conserve energy and reduce emissions
- \$0.5 million to continue to ensure the safety and well-being of citizens through effective fire and emergency services, by-law and building inspections
- \$2.5 million to re-establish the urban tree canopy by continuing to deliver on the Tree Replacement Plan

Key Facts and Figures:

Tax Bill Portions

This is how property taxes will be allocated in 2017.

Cost of Municipal Services

In 2017, the City of Vaughan will spend \$391 million on delivering programs and services, and building and maintaining City infrastructure (buildings, roads, pipes). This is how each tax dollar is divided among City departments:

- 20 cents go to Public Works to maintain street and traffic lights, and clear roads during the winter
- 19 cents go to Community Services for recreation programs, such as swimming, dance and fitness
- 17 cents go to Vaughan Fire and Rescue Service to help keep residents safe
- 15 cents go to General Government, Legal and Clerks to provide internal resources to support service delivery
- 11 cents go to Planning and Growth Management to manage the growth of the city
- 10 cents go to Capital Investment and Debt Servicing to build and repair City infrastructure (roads, pipes, buildings)
- 6 cents go to Libraries for books, resources and programs
- 1 cent goes to the City Manager, Corporate Initiatives and Intergovernmental Relations, and Transformation and Strategy to fulfill Council's priorities
- 1 cent goes to Council, Internal Audit and the Integrity Commissioner to maintain governance of the City
