

Municipal infrastructure improvements

SEPTEMBER 2025 | NEWSLETTER #2

Dear resident/business owner,

The City of Vaughan is upgrading stormwater management infrastructure at Site 25, located in Mapes Park (190 Mapes Ave.).

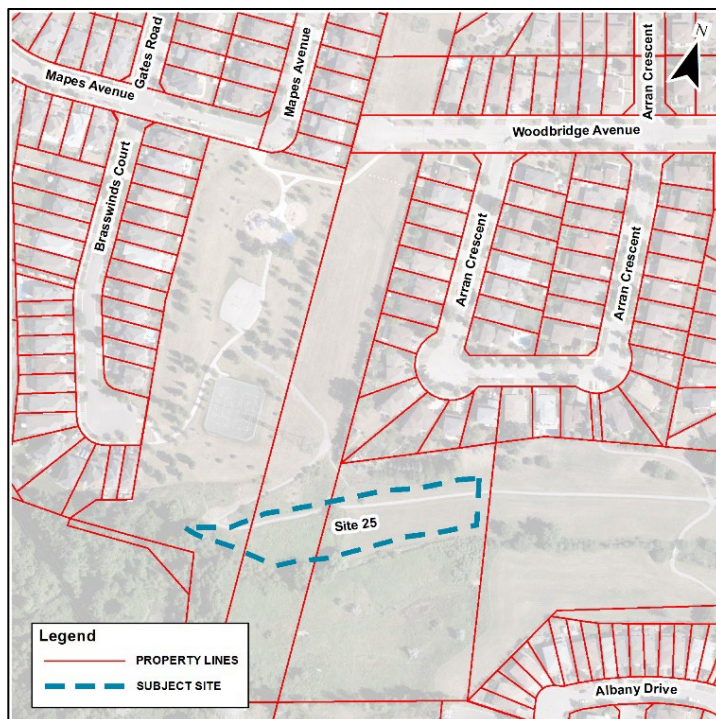

Work will include constructing a stormwater management pond and new pedestrian trails.

The City-retained contractor, Varcon Construction Corporation, is scheduled to begin construction by late fall 2025, with work anticipated to be completed by early 2027.

To safely complete the work, temporary traffic and pedestrian detours may be required in the area.

For more information about the project, visit vaughan.ca/InfrastructureProjects.
