

# Municipal infrastructure improvements

NOVEMBER 2025 | UPDATE

Dear resident,

The City of Vaughan is upgrading stormwater management infrastructure in Rainbow Creek Park (5450 Highway 7), including constructing a stormwater management pond and new pedestrian trails.

To safely complete the work, the following closures are in place:

- The sidewalk along Roxana Avenue, between Bainbridge Avenue and Northlane Road.
- The sidewalk along the east side of Martin Grove Road, between Bainbridge Avenue and Woodbridge Avenue.

All driveways will remain accessible during the closures and pedestrians are directed to use the sidewalk along the west side of Martin Grove Road. The closures are anticipated to be in place until May 2026.

Upgrades to the stormwater management infrastructure in the park are anticipated to be completed by early 2027.

For more information about the project, scan the QR code or visit [vaughan.ca/swmf](https://vaughan.ca/swmf).
