

## **New digital billboards coming to Vaughan** *Helping to fund city-building initiatives and programs*

**NOTICE**

The City of Vaughan is adding more digital billboards across the city.

Digital billboards provide opportunities for up-to-date information and advertisements to be displayed in public spaces, on City-owned property. They are typically located outdoors and are often referred to as digital advertising signs or electronic billboards.

Starting this year, seven new digital billboards will be installed across the city at the following locations:

- Al Palladini Community Centre (9201 Islington Ave.)
- Jean Augustine District Park (1000 New Westminster Dr.)
- Maple Reservoir Park (10588 Keele St.)
- Maple Nature Reserve (10401 Dufferin St.)
- Rainbow Creek Park (5450 Highway 7)
- Vaughan Grove Sports Park (7401 Martin Grove Rd.)
- Woodbridge Yard (4630 Langstaff Rd.)

**You are receiving this notice as you will soon see the construction of these digital billboards around your community. Construction is set to begin in winter 2026 with installation completed by summer 2026.**

As part of extensive consultation in 2023, the City engaged residents through multiple in-person Open Houses across Vaughan, providing the opportunity to learn more about new digital billboards coming to Vaughan and ask questions. More information is available at [vaughan.ca/DigitalSigns](https://vaughan.ca/DigitalSigns).
