

Huntington Road intersection improvements

AUGUST 2026 | NEWSLETTER #1

Dear resident,

The City of Vaughan is undertaking important intersection improvements on Huntington Road. The work will be completed in the following phases:

Phase 1 - Huntington Road and Algoma Drive intersection: Work will include streetlight improvements and the installation of new curbs and a signalized intersection. Construction is scheduled to commence this fall and is anticipated to be completed by the end of the year.

To safely and efficiently complete the work, the intersection will be closed for up to three weeks during construction, and temporary lane closures will be required on Huntington Road. Residents will be notified in advance of any scheduled closures.

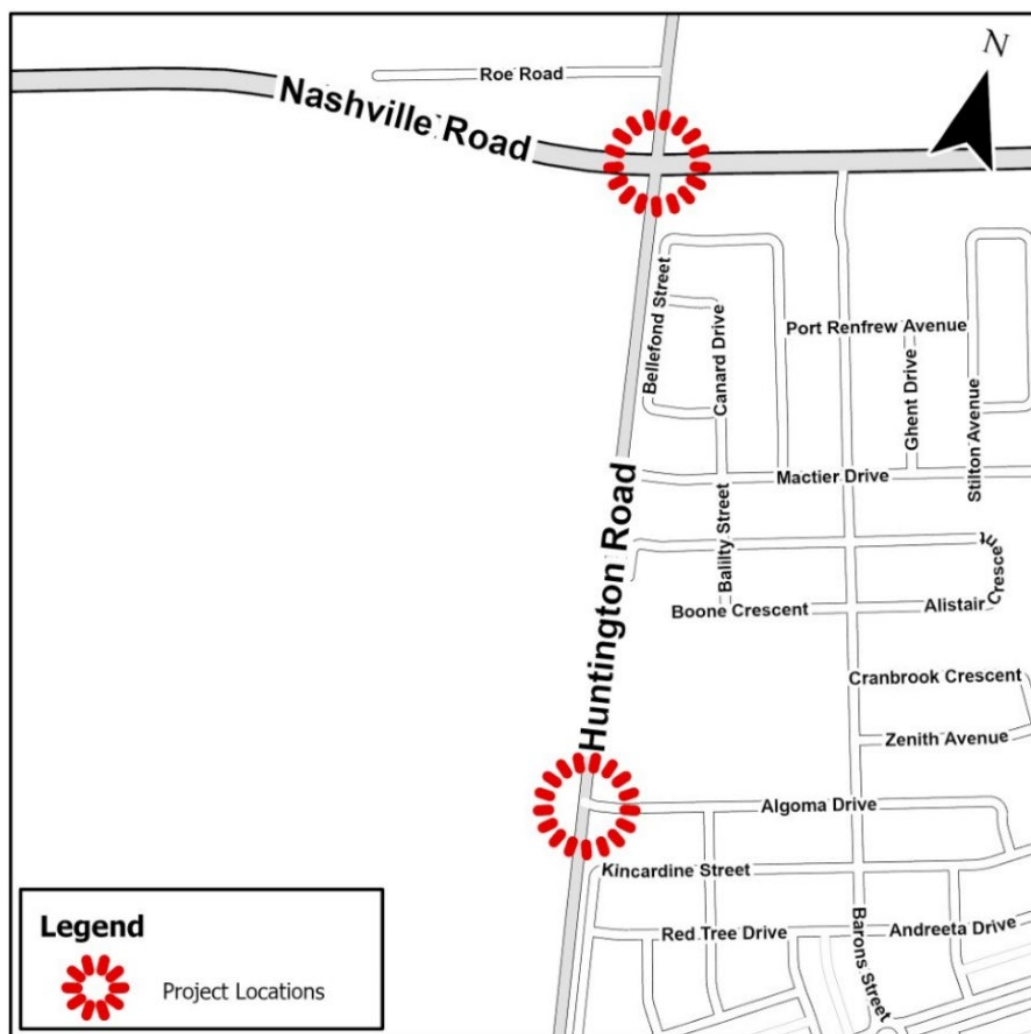

Phase 2 - Huntington Road and Nashville Road intersection: Work will include the addition of a left turn lane, new curbs, and traffic signal timing and streetlight improvements. Construction is scheduled to commence in July 2027 and is anticipated to be completed in September 2027.

To safely and efficiently complete the work, Huntington Road will be closed at the intersection during construction, with detour routes in place. Temporary lane closures will be required on Nashville Road.
