

Municipal infrastructure improvements

AUGUST 2026 | UPDATE

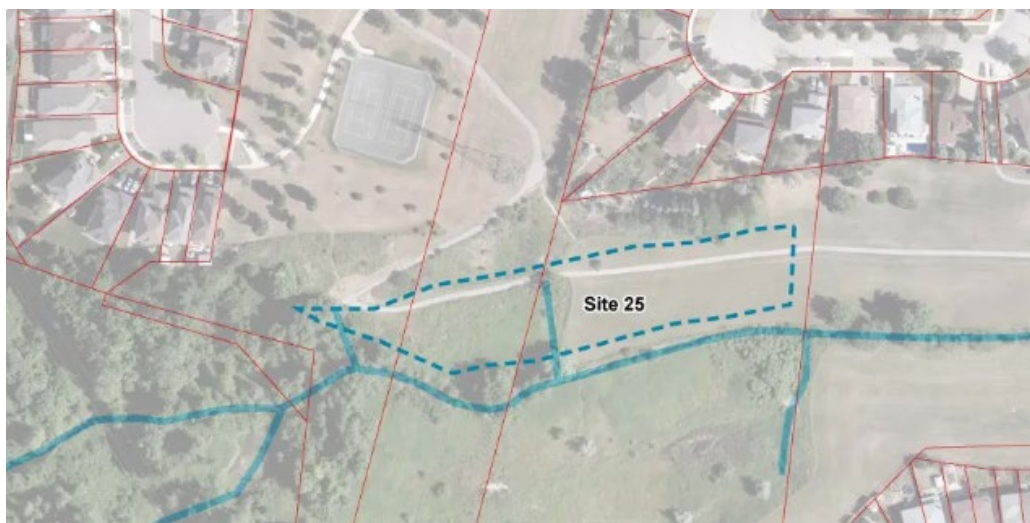

Dear resident,

Improvements to stormwater management infrastructure and pedestrian trails in Mapes Park (190 Mapes Ave.) are progressing. The next phase of work includes building the new pond, planting vegetation and restoring pathways in the park. Construction is on track to be completed by early next year.

To safely and efficiently complete the work, temporary traffic and pedestrian detours are required in the area.

For more information about the project, visit vaughan.ca/InfrastructureProjects.
