

# Intersection Improvements Major Mackenzie Drive at Vaughan City Hall

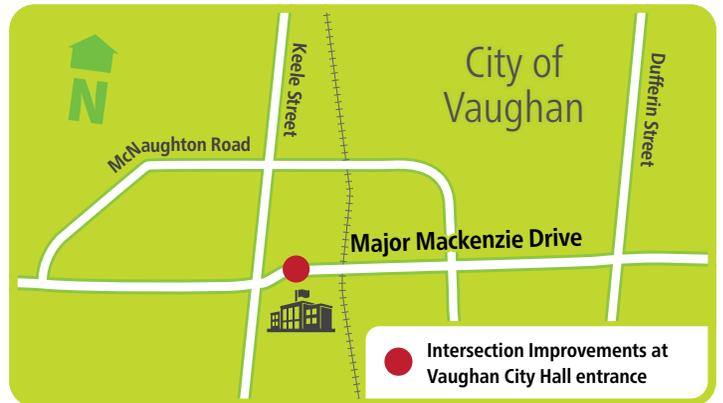

September 2020

**GREAT|STREETS**  
Building Roads that Build Community 2020

The Regional Municipality of York is investing in building a safe, efficient and reliable Regional transportation network for all users. On behalf of the City of Vaughan, we are making improvements to the intersection of Major Mackenzie Drive at Vaughan City Hall.

**Construction start: September 2020 | Anticipated completion: December 2020**

We care about your community and are committed to delivering transportation improvements safely, while minimizing disruptions as best as possible. We're building, reconstructing and repairing Regional roads for you, your community and the future state of the City of Vaughan.

## Improvements include:

- Widening the south side of Major Mackenzie Drive to facilitate the installation of a dedicated westbound left-turn lane, as well as a dedicated eastbound right-turn lane into City Hall
- Widening and reconstructing the City Hall entrance
- Installing new traffic signals to current standards
- Installing a landscaped boulevard on the south side of the road within the project limits
- Upgrading the existing storm sewer system within the project limits

## Impacts to traffic:

- Off-peak lane closures will be required between 9:30 a.m. to 3:30 p.m.
- Night work may be required over a couple of nights for paving, near the end of construction

There are other projects taking place near, and on, Major Mackenzie Drive that are being led by the City of Vaughan or York Region. For more information on York Region's projects taking place in the City of Vaughan, visit: [york.ca/vaughanconstruction](http://york.ca/vaughanconstruction)

## Reminders

For everyone's safety, please reduce your speed through the construction area. Please contact us if you notice any safety issues in and around the construction site.

Travellers are encouraged to use traffic and navigation tools. York Region provides real-time traffic and road information in open data, used by many apps.

This work may be rescheduled due to weather conditions or delays related to COVID-19 Public Health guidelines. York Region will provide advance notice whenever possible.

**We're here to answer your questions. Accessible formats of this newsletter or communication supports are available upon request.**
