

NEWSLETTER No. 3: PROJECT UPDATE

PAVEMENT REHABILITATION – DIRECTOR COURT

April 26, 2019

In November of 2018, Newsletter 2 was issued to the local businesses on Director Court informing them of the status of construction for the road rehabilitation; as shown on the map below.

This newsletter (No. 3) is being issued to provide an update on the project.

BACKGROUND

The work to replace damaged concrete curb and sidewalk was completed in the fall of 2018. Due to unseasonably poor weather in November of 2018, the paving could not be completed.

UPCOMING CONSTRUCTION

- Roadworks which includes the removal and replacement of existing asphalt will resume the week of May 6th, 2019 and is anticipated to be completed by mid-May, weather permitting.
- Access will be maintained at all driveways.
- The grassed areas disturbed by the curb and sidewalk replacement will also be restored once sod becomes available.

Please use caution when travelling during these activities and avoid parking on the road.

The City appreciates your co-operation and continued patience as we work towards completing the infrastructure upgrades in the area. Should you have any questions or concerns regarding this project, please contact us.
