

Removal of Humber Bridge Trail Bridge and Demolition of Structure

PROJECT UPDATE

The removal of the Humber Bridge Trail Bridge and demolition of 5789 Humber Bridge Trail residential structure has been awarded to Salandria Ltd.

PLANNED CONSTRUCTION WORK

The contractor will be mobilizing on site and commencing work the week of July 27, 2020. The work will include the removal of the Humber Bridge Trail Bridge, removal of the residential structure, construction of a turn-around at the end of the road, and restoration of the entire site.

This work is expected to be completed by the end of October 2020.

CONSTRUCTION IMPACTS

Roads will remain open to local vehicular and pedestrian traffic during construction. Temporary lane restrictions will be required to allow construction access and activities to proceed in a safe and efficient manner. Access to private entrances will be impacted at times during construction and restoration works.

The City appreciates your cooperation and patience as we work to complete this project as scheduled.

For more information, please contact the Project Lead.
