RE: **A131/12 120 Davidson Drive**

Cultural Services has received the request for comments regarding the above noted application and offers the following comments:

1. The subject parcel of land lies in an area identified as a being of high archaeological potential in the City's database of archaeological resources. As such, the owner is advised that the following standard clauses apply:
 - i. *Should archaeological resources be found on the property during construction activities, all work must cease and both the Ontario Ministry of Tourism, Culture and Sport and the City of Vaughan's Policy Planning and Urban Design and Recreation and Culture Departments shall be notified immediately.*
 - ii. *In the event that human remains are encountered during construction activities, the proponent must immediately cease all construction activities. The proponent shall contact the York Regional Police Department, the Regional Coroner and the Registrar of the Cemeteries Regulation Unit of the Ministry of Consumer and Business Services.*
