### SCHEDULING INFORMATION

- Meeting dates are not provided at the time of submission.

Tentative meeting dates will be provided once an application has been deemed complete. In order for a submission to be deemed complete, a zoning review must be completed and all required reports and/or studies (as identified through the review process) must be submitted. Please see application form more details regarding additional supporting materials that may be required.

**Tentative hearing dates are provided to assist the applicant with preparing the required public notice sign and should not be considered final as they are subject to change based on comments and recommendations received through the review process.**
