

# SHAPES OF OBJECTS GAME

Call out the name of an object and everyone makes the shape of that object out of their own bodies, joining together in different ways while you count down slowly from ten to zero. Usually the group will find a different way of forming the object.

## Here are some ideas that are good to try:

- A car, a clock, a washing machine, a volcano, a fire, a bicycle, a tower, a litter of kittens, etc.
- Encourage your kids to think about using different levels with their body shapes, e.g. high, medium and low.
- Choose objects from a play you are rehearsing or a story that you are reading.
- It can be fun to make objects that involve movement (and sound).
- You can use toys, household objects, stuffed animals, books, keepsakes or photos as ideas.
