Member’s Resolution

Submitted by Councillor Marilyn Iafrate

Whereas, the Kleinburg-Nashville Community Plan was adopted in 2004, and

Whereas, the above plan clearly defines the boundaries of the community being bordered by Huntington Road to the west, Kipling Avenue to the east, Kirby Road to the north and, with some irregularities as noted in the attached map, Rutherford Road to the south (west of the Sonoma Subdivision), and

Whereas, community identity is of utmost importance to our residents as it defines their sense of belonging and pride in their community, and

Whereas, the newest residential development known as Block 61 is located within the boundaries of the Kleinburg-Nashville Community Plan and has historically been known as the community of Nashville, and

Whereas, the community of Nashville was incorporated within the Kleinburg postal address due to the closing of the Nashville post office circa 1969, and

Item 14, CW Report No. 1 – Page 2

Whereas, for the last 45 years the residents of this area have identified themselves with the Kleinburg community, and

Whereas, Canada Post has recently deemed this new development to be “Woodbridge” which is contrary to the defined boundaries of the community plan as adopted by the City of Vaughan in 2004, and

Whereas, identifying and maintaining this area as being part of the Kleinburg community is paramount to the protection of its cultural and historical integrity as one of the four villages that contributed to creation of what is known today as the City of Vaughan, and

It Is therefore recommended that Council for the City of Vaughan direct staff to notify the President and CAO of Canada Post, Mr. Deepak Chopra and the local MP, in writing, of the adopted boundaries of the Kleinburg community as identified in the Kleinburg-Nashville Community Plan of 2004 and that Council advise Canada Post that the mailing address for the Block 61 residential development be changed to properly reflect “Kleinburg” as the mailing address for this community.
