#### **Background - Analysis and Options**

The Princeton Village Subdivision is a residential subdivision comprising of 8 partial townhouse blocks. The 0.82 hectare site is located north of Rutherford Road and west of Weston Road as illustrated on Attachment No 1.

The Subdivision Agreement with St. Magnus Developments Inc. as executed on November 1, 2006, and the Plan of Subdivision was subsequently registered on January 29, 2007. The construction of the roads and municipal services in Plan 65M-3952 was completed in October 2008.

The Developer has maintained the municipal services in the subdivision during the required minimum thirteen month maintenance period and has rectified all deficiencies. In addition, the grading of all lots in the subdivision was certified by the Developer's Engineering Consultant. Accordingly, the Developer has requested that the roads and municipal services in the subdivision be assumed by the City, and that the development securities held by the City be released.

All documentation required by the Subdivision Agreement for assumption has been submitted. Development/Transportation Engineering staff, in conjunction with the Developer's Consulting Engineer, have conducted all the necessary inspections of the municipal services in the subdivision and are now satisfied with the extent of the works.

The Commissioner of Engineering and Public Works has received clearance from the following City Departments including Development Planning, Building Standards, Parks Development, Parks & Forestry Operations, Public Works, and Clerks. In addition, the Reserves and Investments Department has confirmed that all of the City's financial requirements associated with this subdivision have been satisfied.

#### **Relationship to Vaughan Vision 2020**

The development of this subdivision and the assumption of the municipal services are consistent with Vaughan Vision 2020, which encourages management excellence through planned and managed growth and the maintenance of City assets and infrastructure. This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

#### **Regional Implications**

Regional staff has advised that they are satisfied with the works along Weston Road and have no objections to the City assuming the services.

#### **Conclusion**

The construction of the roads and municipal services associated with the Princeton Village Subdivision 65M-3952 has been completed in accordance with the Subdivision Agreement. Accordingly, it is appropriate that the roads and municipal services in 65M-3952 be assumed and the municipal services letter of credit be released.
