**REPORT NO. 4 OF THE COMMITTEE OF THE WHOLE  
(WORKING SESSION)  
FOR CONSIDERATION BY COUNCIL, JANUARY 30, 2018**

---

**Purpose**

Staff have undertaken a review of the City's by-laws that regulate signs, in accordance with the Council-approved By-law Strategy. As part of this review, the three existing municipal by-laws, which govern signage on public and private property, as well as the Sign Variance Committee, will be consolidated into a comprehensive Sign By-law. In addition, the other goals of the review are to produce regulations that will:

- optimally protect, preserve and promote the safety of Vaughan residents
- support community standards and the attractiveness and liveability of the City
- serve the needs of businesses and the community
- be user friendly, and easy to understand and comply with
- provide value to taxpayers through efficient and effective processes, and the optimal use of technology

To address the complexity of sign regulation in the City, while also moving forward quickly on long-needed changes, the review is being conducted in two phases, as detailed in the Background section.

**Recommendations**

1. That Council adopt the recommendations provided in Attachment 1 of this report; and
2. That Council authorize staff to undertake any other actions required to implement the recommendations of this report, including any consequential amendments to other by-laws.
