2. Schedules “1” and “2” shall be and hereby form part of this By-law.

Enacted by City of Vaughan Council this 21st day of April, 2015.

Hon. Maurizio Bevilacqua, Mayor

Jeffrey A. Abrams, City Clerk

SUMMARY TO BY-LAW 062-2015

The lands subject to this By-law are located on the north east corner of Weston Road and Regional Road 7, municipally known as 7777 Weston Road, in Lot 6, Concession 5, City of Vaughan.

On December 9, 2014, Vaughan Council approved By-law 168-2014 which effectively removed the Holding Symbol "(H)" from the south portion of the subject lands. The purpose of this by-law is to remove the Holding Symbol "(H)" from the remainder north portion of the subject lands, which are zoned C9(H) Corporate Centre Zone, to facilitate the development of a mixed-use building consisting of 783 residential units and commercial uses. The subject lands were originally zoned with the Holding Symbol "(H)" by By-law 102-2012, until such time that the following conditions are fulfilled:

- a) a Site Development Application, in accordance with Section 41 of the Planning Act, be approved by Vaughan Council;
- b) water supply and sewage servicing capacity has been identified and allocated to the subject lands by the City of Vaughan;
- c) the Owner shall carry out the Environmental Site Assessment clearance to completion, up to and including the satisfactory registration of the Record of Site Condition (RSC), the proof of which requires two (2) documents, a hard copy of the RSC signed by a Qualified Person and the Acknowledgement Form from the Ministry of Environment (MOE). The complete Environmental Site Assessment (ESA) will include the ESA Phase 2, which will determine the requirement for an ESA Phase 3 (a Remediation Plan), and the subsequent Remediation Plan Implementation Report. The approval of a Site Development Application will be conditional on, if required, the review and approval of the Remediation Plan. However, the review and approval of the Remediation Plan Implementation Report and the RSC is a condition of Site Plan approval and is required prior to the issuance of any Building Permit; and,
- d) The City Solicitor, in consultation with the Commissioner of Planning and the Commissioner of Engineering and Public Works, shall be satisfied that access to Regional Road 7 for the subject lands has been secured between the Owner of the Subject Lands and the Owner of the lands to the immediate East, or suitable alternative arrangements are in place.

The site plan was approved by Vaughan Council on March 18, 2014 with the resolution that the subject lands are allocated for water and sewage capacity for a maximum of 800 units. The Record of Site Condition has been filed with the Ministry of Environment and Climate Change (MOECC) and the Acknowledgement from the MOECC has been satisfactorily received by the City of Vaughan. On November 14, 2012, the Owner and the Owner of the lands to the east have executed a private agreement that secures the shared access from Regional Road 7 between the two land owners. All four conditions of the removal of the "(H)" have been fulfilled on the subject lands. Therefore, the Holding Symbol "(H)" can be removed in its entirety on the subject lands shown on Schedule "1" of this by-law.
