Purpose

The purpose of this Report is to obtain Council's approval to appoint Councillor Deb Schulte as the City of Vaughan's Tree Advocate to support tree preservation and promote the benefits of a healthy urban forest to the community, individual residents and the private business sector.

Background - Analysis and Options

At the Priorities and Key Initiatives Committee on November 26, 2012, the Parks and Forestry Operations Department presented a Report; *Expanding the Urban Forest – One Tree at a Time, an Update to Planting Our Future: A 5 Year Plan to Expand the Urban Forest*. The purpose of the Report was to highlight the City's current tree replacement program; outline the current challenges faced by the department in trying to increase the tree canopy; and also provide an update to the original 13 recommendations focused on expanding the urban forest on both private and public lands.

One of the recommendations was to appoint a Tree Advocate to represent the City's initiatives. A tree advocate will be the spokesperson for all tree-planting and stewardship programs. This appointment will demonstrate the City's commitment to improving the health and well-being of its citizens as well as promoting and supporting tree initiatives and programs aimed at improving and maintaining a healthy and vibrant community.
