No one appeared either in support of or in opposition to this matter.

MOVED by Councillor Racco
seconded by Councillor Iafrate

That the recommendation contained in the following report of the Commissioner of Finance & City Treasurer and the Director of Financial Services dated October 30, 2012, be approved:

CARRIED

Recommendation

The Commissioner of Finance & City Treasurer and the Director of Financial Services, in consultation with the Manager of Property Tax & Assessment recommend:

That the tax adjustments as outlined on the attached report be approved in accordance with the requirements under the Municipal Act.

Economic Impact

There is no economic impact to the City of Vaughan.

Communications Plan

As required by the Act, notification of this meeting has been sent to all applicants and persons in respect of whom the applications were made, at least 14 days prior to the meeting. Notices of Decisions will be issued to all applicants after the meeting of Council and these will detail the total amount of the adjustment and the right of the applicant to appeal the decision to the Assessment Review Board.

Purpose

To obtain Council approval for the apportionment of property taxes as permitted under the *Municipal Act, 2001*.

Background - Analysis and Options

Section 356 – Division Into Parcels:

Eight (8) applications have been received to sever property that was returned on the roll as one parcel. The Municipal Property Assessment Corporation (MPAC) provides the City with a report outlining the value of each separate piece, and the taxes levied on the single piece are apportioned to the various parts in accordance with the assessment.

An apportionment does not result in a reduction or increase of taxes; it simply shares the taxes levied among the new parcels based on the apportioned value of assessment. Should any property owner disagree with the recommendation approved by Council, they can appeal the decision to the Assessment Review Board (ARB) for a further hearing.

Relationship to Vaughan Vision 2020

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

Regional Implications

There are no Regional Implications in this Report.

Conclusion

Council approval of the recommendations in this report will allow staff to bill the separate property owners their proportionate share, and confirm their right to appeal the decision to the ARB. If no appeals are filed with the ARB, staff will proceed with the property tax apportionments.

164. TAX ADJUSTMENTS PURSUANT TO SECTIONS 357 AND 358 OF THE *MUNICIPAL ACT, S.O. 2001 - ALL WARDS*

No one appeared either in support of or in opposition to this matter.

MOVED by Councillor Racco
seconded by Councillor Iafrate

That the recommendation contained in the following report of the Commissioner of Finance & City Treasurer and the Director of Financial Services dated October 30, 2012, be approved:

CARRIED

Recommendation

The Commissioner of Finance & City Treasurer and the Director of Financial Services in consultation with the Manager of Property Tax & Assessment recommend:

That the tax adjustments as outlined on the attached report be approved in accordance with the requirements under the *Municipal Act, as amended*.

Contribution to Sustainability

This is not applicable to this report.

Economic Impact

The City's share of these property tax adjustments is approximately \$25,042. A provision for tax adjustments has been budgeted.

Communications Plan

As required by the Act, notification of this meeting has been sent to all applicants and persons in respect of whom the applications were made, at least 14 days prior to the meeting. Notices of Decisions will be issued to all applicants detailing the total amount of the adjustment and the right of the applicant to appeal the decision to the Assessment Review Board.

Purpose

To obtain Council's approval for the increase or cancellation of property taxes as permitted under Section 357 and 358 of the *Municipal Act, 2001, as amended*.

Background - Analysis and Options

Seventy-one (71) applications have been prepared for Council's consideration for the cancellation, reduction or refund of taxes for the current and prior tax years, under sections 357 and 358 of the *Municipal Act, 2001, as amended*. There are various reasons for tax adjustments such as property becoming exempt, roll numbers being cancelled by the Municipal Property Assessment Corporation (MPAC), buildings that have been demolished or razed by fire, and properties that have been over assessed by a gross or manifest clerical error. These tax adjustments do not relate to collection issues.

One (1) application has been included for Council's consideration but does not require adjustment. It has not qualified for any adjustment under sections 357 and 358 of the *Municipal Act, 2001, as amended*.

The total cancellation, reduction or refund of taxes, as recommended is \$110,059. The City portion of this amount is approximately \$25,042, or approximately 23%.

Approval of these adjustments will allow the applicant the right to appeal the decision to the Assessment Review Board.

Relationship to Vaughan Vision 2020

This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.

Regional Implications

The Region's share of these property tax adjustments is approximately \$45,092 or approx. 41%.

Conclusion

Council approval of the applications in this report will allow staff to proceed with the property tax adjustments as applicable. Council approval also gives the applicant the right to appeal the decision to the Assessment Review Board if so desired.
