COMMUNICATION  
FAA - MAR 2/15  
ITEM - 1

DATE: February 26, 2015

TO: MAYOR AND MEMBERS OF COUNCIL

FROM: JOHN HENRY, COMMISSIONER OF FINANCE AND CITY TREASURER  
LAURA MIRABELLA-SIDDALL, DIRECTOR OF FINANCIAL PLANNING & ANALYTICS

RE: FINANCE, ADMINISTRATION AND AUDIT COMMITTEE – March 2, 2015  
DRAFT 2015 BUDGET AND 2016-18 PLAN, Item 1, as referred.

#### Recommendation

The Commissioner of Finance & City Treasurer and Director of Financial Planning & Analytics recommend;

1. That the update on the DRAFT 2015 Budget and 2016-18 Plan be received; and
2. That a consolidated item on the 2015 PROPOSED Budget and 2016-18 Plan be submitted to a Special Council Meeting, incorporating any further adjustments and/or direction provided by the Finance, Administration and Audit Committee.

#### Economic Impact

A DRAFT 2015 Budget and 2016-18 Plan was originally presented to the Finance, Administration and Audit Committee on January 12, 2015. That report has been deferred to the subsequent meetings of the Finance, Administration and Audit Committee, including the meeting of March 2, 2015.

The Committee directed staff to work toward a set target not to exceed 3% per annum for the period of 4 years. Staff have since brought forward numerous Communications and presentations to the Committee for the purposes of providing additional context, responding to Committee direction, or to recommend changes to the DRAFT Budget and 2016-18 Plan based on new information. A complete list of budget-related communications and reports has been provided as Attachment 4. These adjustments have been incorporated into the DRAFT 2015 Budget and 2016-18 Plan, resulting in the following revised economic impact:

## Purpose

The purpose of this communication is to provide the Finance, Administration, and Audit Committee with an update to reflect the incorporation of budget-related recommendations of the Committee since the DRAFT 2015 Budget and 2016-18 Plan was first presented, and to provide Council with further information about the capital program.

## Background

A DRAFT 2015 Budget and 2016-18 Plan was originally presented to the Finance, Administration and Audit Committee on January 12, 2015. That report has been deferred to the subsequent meetings of the Finance, Administration and Audit Committee, including the meeting of March 2, 2015.

On January 12, 2015, the Committee directed staff to work toward a set target not to exceed 3% per annum for the period of 4 years. Staff have since brought forward numerous Communications and presentations to the Committee for the purposes of providing additional context, responding to Committee direction, and to account for new information. These have been incorporated into the DRAFT 2015 Budget and 2016-18 Plan, including adjustments that, if approved, would achieve a tax rate increase of less than 3% for 2015 and one of the lowest tax rate increases among comparator municipalities.

In addition to the evening Finance, Administration and Audit Committee Meeting on March 2, 2015, two other evening meetings and two day time meetings have been held. The March 2, 2015 evening meeting and one more daytime meeting scheduled for March 9, 2015 provide additional opportunity for public input and Committee deliberation. It should be noted that the Committee meeting scheduled for March 9, 2015 is not fully dedicated to budget topics, but has been scheduled to accommodate additional discussion if required.

A Special Council meeting will also be held to provide the public with a final opportunity to comment on the PROPOSED 2015 Budget and 2016-18 Plan. That meeting is anticipated in late March or April and will be advertised in advance consistent with the City's public notification by-law once a date has been set. A consolidated report will be submitted to the Special Council meeting incorporating any further adjustments or direction resulting from continuing budget deliberations.

Following approval of the budget, the City will communicate budget highlights by employing a variety of tactics, including a media release, website content, social media messages, a blog, an eNewsletter post, and an internal message to staff.

Also following approval of the budget, it is anticipated that the Budget Task Force will begin meetings to review options to achieve permanent, sustainable budget reductions and achieve Committee's set target not to exceed 3% in each year of the remaining term of Council. The Task Force is expected to report its findings by the end of September 2015 so that they may be incorporated into the 2016 Budget process.

## 2015 Operating Budget Summary

The objective of the City's financial planning process is to develop a multi-year budget that balances the need to maintain existing services, accommodate growth requirements, and undertake corporate initiatives against the City's capacity to fund them. As the City of Vaughan continues to grow and adapt to the needs and expectations of its residents, a focus on long-term financial sustainability will be increasingly important.

For 2015, the budget adjustments that have been incorporated result in a draft budget and incremental tax rate increase that is within the Committee's target of 3%. Reducing the initial draft budget to achieve the set target was challenging and required careful consideration of the balance between maintaining service levels, new initiatives "and "keeping tax rates low". The funding recommendation is a blend of these ideals, but weighted towards service delivery. A few key items included in the 2015 Budget are:

- Fire Station 7-5 full year implementation supporting community safety
- Opening of the new Civic Centre Resource Library supporting information access

# C 1.3

- Resources to support community parks, community health and wellness
- Funding to support community infrastructure repair and renewal projects
- City Initiatives supporting efficiency and effectiveness goals.

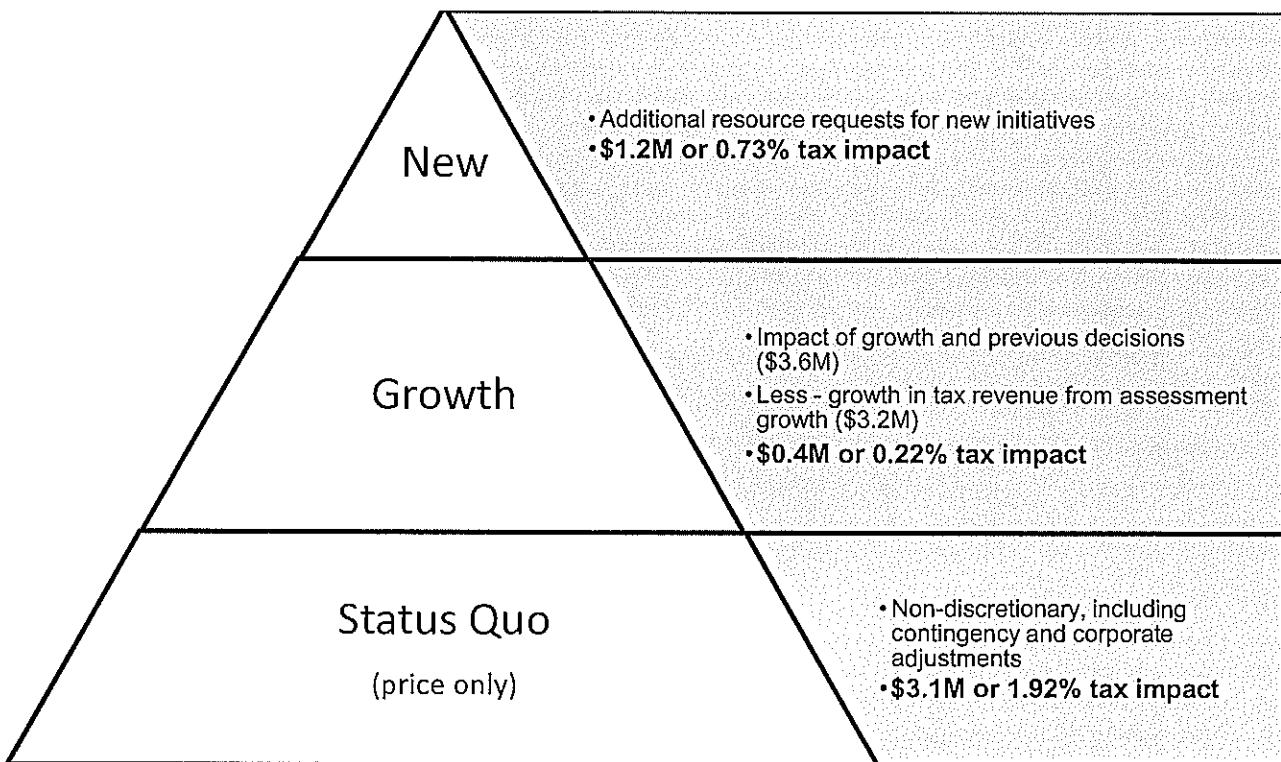

The incremental levy requirement is made up of the following three components. The Status Quo represented pressures related to providing existing levels of service to existing residents, primarily price pressures from pre-determined labour cost increases and material or service contracts. Growth-related pressures represented the net amount by which the operating costs associated with providing existing levels of services to new residents exceed expected assessment growth. The final component of the framework consisted of requests for additional resources to support strategic, transformational, or new initiatives.

### Municipal Tax Rate Increase Comparison

A comparison of tax rate increases across the Greater Toronto Area demonstrates that Vaughan continues to have one of the lowest tax rate increases, among comparator municipalities, for 2015. This has been a sustained trend over the last several years as illustrated in the table below. Taxes on the average home are estimated to be \$1,373 and are the primary source of funding for the many and diverse programs and services provided to residents. This is evidence of Vaughan providing value for its residents' tax dollars.

### Capital Budget

Between 2015-18, Vaughan's capital plan includes over \$368 million in new projects.

Chart 1: 2015-18 Capital Plan by Project Type

The capital budget and plan is based on more than 500 projects covering a number of departments. Attachment 3 includes an updated list of capital projects. Projects are listed by department and include a summary of all funding sources. Details of each capital project were provided to Committee on January 12<sup>th</sup>, 2015 in Appendix B of Item 2. Below are descriptions for key projects in the 2015 capital plan and a brief discussion on associated operating impacts.

### **Key Projects in the Capital Plan**

#### Parks (\$41.0M)

In addition to the Carrville District Park discussed below, there are four other major park projects currently in the capital plan.

- North Maple Regional Park (Phase 1 development) includes the construction of two artificial sportsfields, a driveway, parking, and related site improvements planned for 2015 (\$5.4M)
- Block 40 District Park Design and construction, in the Major Mackenzie Drive, Lawford Road and Chatfield Drive area, is planned for 2016 (\$3.6M)
- Block 18 District Park, in the Rutherford Road and Peter Rupert area planned for 2017 (\$6.8M)
- Block 59 District Park, in the Highway 27 and Martin Grove area, planned for 2017 (\$5.2M)

In addition to District Parks the plan includes \$22.0M for 36 other parks development projects.

Between 2016-18 about \$1.1M in additional resource requests have been recognized to support new park operating costs.

#### Kleinberg Church (\$1.0M)

The City purchased the Kleinburg United Church in 2010. This project will include the necessary renovations to allow the facility to be used by local community groups.

#### City Tree Planting Program (\$1.4M)

Annual funding for the City's two tree planting programs increased by \$0.4M in 2015. One program replaces about 1,400 trees per year that have died or been damaged. A second program is specifically to replace trees infected by the Emerald Ash Borer (EAB). About 500 EAB trees are replaced each year. Due to the 2013 ice storm, a backlog of over 21,000 trees currently exists. In 2015 one-time funding of \$0.8M has been added to supplement the tree planting program to help address the backlog.

#### Vellore Village South Library (\$4M)

Design and Construction of the Vellore Village Community Library in Block 39 in the planned Community Centre is scheduled to begin in 2015. Project completion is expected in 2016.

Operating costs associated with this facility have been included in the 2016-18 Plan with an additional resource request submission received from Libraries for \$0.6M.

#### Block 11 Carrville Community Centre, District Park, and Library (\$43.8M)

The Carrville Community Centre is planned to begin construction in 2016. The Community Centre was identified in the 2013 Development Charge background study and in Vaughan's Active Together Master Plan. The Centre is expected to have two arenas, a gymnasium, associated amenities, and an adjacent district park. In addition a community library is also planned. Project completion is expected in 2017.

Operating costs associated with this facility have been included in the 2016-18 Plan with additional resource request submissions received from Libraries (\$0.6M), Building & Facilities (\$1.3M), and Recreation (\$0.8M).

# C 1.6

## Repositioning of Fire Station 74 – Kleinburg (\$6.0M)

This project is for the relocation of Fire Station 74. The new station will be a fully staffed 9,300 square foot, two bay fire station with ancillary offices and crew quarters. Design and construction is expected in 2016 with project completion planned for 2017.

Staffing costs associated with the firefighters for this station are estimated at \$2.1M per year when fully implemented. One cohort of firefighters will be hired in 2016 with a second in 2017. The costs of each cohort will be phased in over two years.

## Fire – Training Tower (\$1.2M)

This project will allow Vaughan Fire and Rescue Services to provide training in the latest techniques of firefighting and control of emergency situations. The facility may also be rented out to other fire departments or internal and external stakeholders for their training needs.

## New Watermains (\$17.9M)

There are five projects for the installation of new watermains in growth areas of the City. These projects are undertaken by developers and paid for by the City as development occurs.

## Black Creek Renewal and VMC Stormwater Management Pond (\$32.3M)

Capital works continue within the Vaughan Metropolitan Centre for the renewal of Black Creek between Highway 7 and Highway 407, including culvert improvements at Doughton Road and Interchange Way. Other works include required improvements to the City's existing storm water management pond at the northeast corner of Jane Street and Highway 7. In total, the expected project costs total over \$54M. The required works are complex and are expected to continue through to 2019. A financial strategy and design refinement is expected in 2015.

## Curb and Sidewalk Repair and Replacement (\$7.4)

The annual curb and sidewalk repair and replacement program involves the removal and replacement of damaged sections of curbs and sidewalks Citywide. A requirement under the province's Minimum Maintenance Standards is for the City to complete a sidewalk inventory assessment each year. The information captured from this inventory supports future work plans for the program.

## Road Rehabilitation (\$37.9M)

The annual program for road rehabilitation includes the resurfacing and rehabilitation of road surfaces. This program also incorporates associated curbs and sidewalks that may be affected by these works. When appropriate, watermain replacement in the planned area is coordinated to help mitigate capital costs and disruption to citizens. The roads rehabilitation program is primarily debt financed.

## LED Streetlight Conversion (\$6.0M)

The project is to undertake further replacement of residential High Pressure Sodium (HPS) street lights with LED lighting. This project is expected to extend beyond 2019.

C 4.7

The table below provides the total cost of capital projects in the plan by Commission. More information about the particular projects can be found in Attachment 4.

The capital program is funded from various sources. Below is a graph that illustrates the funding components of the capital program.

**Chart 2: Funding of the Capital Program**

#### **Capital Budget - Operating Implications**

Many capital programs have associated operating implications. These costs are embedded in the City's growth-related expenditures in the base or as additional resource requests. Operational requirements include staff and associated operating costs of new infrastructure. These will typically be lower in the first year due to the construction timing involved. Initial investments in service delivery capital infrastructure are fixed and primarily funded through development charges. However the related on-going operational and service costs place cumulative, lasting pressures on the operating budget. Debenture financing is primarily leveraged for the City's roads program. Infrastructure contributions are required to begin funding the ultimate replacement of infrastructure funded through the development community.

Note: some numbers may not add due to rounding.

### Conclusion

As a result of the budget timeline, estimates and assumptions are required. As more current information becomes available and additional review is undertaken, adjustments are required. Since the initial budget draft many adjustments have occurred and applied to the DRAFT 2015 Budget and 2016-18 Plan. Below is a summary of the revised draft budget and associated tax rate increase for the average home.

**Table 6: Draft Levy Increase and Associated Increase on the Average Tax Bill**

Revised DRAFT Budget	2015	2016	2017	2018
Revised Tax Rate Increase	2.86%	9.64%	4.14%	4.25%
Increase on Average Tax Bill	\$37	\$127	\$60	\$64

Note: some numbers may not add due to rounding.

Illustrated below is the estimated 2015 total property tax bill for the average home in Vaughan, valued at \$587,000. It is important to note, that although York Region's property tax rate increase is 2.97% its contribution to the overall property tax bill increase represents 49% or \$68. This is largely because half of the Property Tax bill is allocated to the Region of York. Overall, the average total property tax bill in Vaughan will increase by \$105 or 2.20%. Vaughan's local portion amounts to a \$37 increase and only 0.77% of the total property tax bill.

**Table 7: 2015 Estimated Property Tax Bill**
