

**Pine Valley Drive:
Watermain Replacement and
New Sidewalk Construction**

PLANNED PROJECT WORK

To upgrade infrastructure in your area, on the week of August 13, 2020 the City of Vaughan will begin watermain replacement and new sidewalk construction on the east side of Pine Valley Drive as noted below.

CONSTRUCTION WORK

| Pine Valley Drive | Watermain Replacement* | New Sidewalk Construction |
|--|------------------------|---------------------------|
| Chancellor Dr. / Willis Rd. to Langstaff Rd. | ● | ● |
| Embassy Dr. to Chancellor Dr. / Willis Rd. | | ● |
| Strada Dr. to Highway 7 | | ● |

*Including water service connections to the property line

CONSTRUCTION IMPACTS

Roads will remain open to vehicular and pedestrian traffic during construction. Temporary lane restrictions will be required to allow construction activities to proceed in a safe and efficient manner.

Access to private and commercial driveways and entrances will be impacted at times during the watermain replacement and associated restoration works. Work at the location of commercial entrances will be staged so that continued access is maintained during business hours.

Property owners are reminded that underground systems such as lawn sprinklers, heated driveways, electrical conduits or landscaping, etc. within City-owned boulevards or property limits may be impacted by the proposed construction work. The City is not responsible for any damages that may occur during construction to privately-owned items within City-owned property limits (Encroachment By-law No. 034-2017). If you are planning to repave your driveway, please contact us in advance for coordination.

Thank you in advance for your cooperation. We look forward to completing these important infrastructure upgrades in your area. For more information, please contact the Project Lead.
