## Message from the Mayor

Vaughan is a purpose-driven city.

We proudly maintain an approach to governance that is guided by the noble values of discipline, accountability and respect, and our Service Excellence Strategic Plan is a clear demonstration of our mission.

At the heart of every decision we make are the people of Vaughan – hard-working taxpayers who expect the very best from their city – and they deserve it. Vaughan’s

team of administrative professionals is comprised of dedicated women and men who work tirelessly to deliver on initiatives that are catapulting this city to new and unprecedented heights. We have a subway connected to the heart of our new downtown, the Vaughan Metropolitan Centre; Canada’s first state-of-the-art smart hospital, Mackenzie Vaughan Hospital, will soon be complete; we recently welcomed Niagara University, the first university in Vaughan and York Region; and Phase One of the new 900-acre North Maple Regional Park is complete. We have reached these, and many more, key city-building milestones – all while achieving \$30 million in savings since 2015.

The 2018-2022 Term of Council Service Excellence Strategic Plan is a skillfully crafted framework designed to enhance our momentum going forward. The next four years, and beyond, are about creating an environment that will help us identify opportunities and initiatives that will advance our mission to become a world-class city. This goal is reflected in our 2018 Citizen Satisfaction Survey results in which 97 per cent of residents agree that the quality of life in Vaughan is good.

As we move ahead on our journey of Service Excellence, our priorities will remain focused on issues that matter most to residents and businesses. Our shared efforts will continue to ensure that Vaughan remains a nationally acclaimed leader in city-building.

At the City of Vaughan, our work is never complete. Our professional staff continue to challenge the status quo, think outside the box and strive for excellence in all we do. It is our goal to make a positive and lasting difference for residents, visitors and businesses.

We began 2019 with a new Council and a renewed dedication to advancing our city-building journey. The 2018-2022 Term of Council Service Excellence Strategic Plan is our road map to move forward with Council-approved initiatives, strengthen communication between colleagues and further improve front-line customer service.

As Vaughan grows, City staff play an instrumental role in guiding its potential and ensuring there are resources to

support citizens. We remain focused on living our mission, vision and values to provide efficient service delivery and maintain a high quality of life in this city.

Staff in every position, in every City facility, work collaboratively to execute our organization's rewarding work and invest in our future. Through our commitment to "citizens first through Service Excellence," we are creating a sustainable city where people want to live, raise families, invest, work and enjoy tourism and recreational opportunities.

## ABOUT THE PLAN

The 2018-2022 Term of Council Service Excellence Strategic Plan serves as a map to guide the City through the next four years.

Each four-year Term of Council Service Excellence Strategic Plan incrementally contributes toward the achievement of the Vaughan Vision. This plan builds off the 2014-2018 plan, continuing the alignment of people, priorities, processes and technology. It outlines Vaughan's vision, mission and values and identifies the strategic key activities that staff will focus on to enable the execution and implementation of projects related to Council's commitments to the citizens of Vaughan.

The 2018-2022 Term of Council Service Excellence Strategic Plan is aligned with the 2019 Budget and 2020-2022 Financial Plan and will position the

City to deliver on Council-approved priorities while continuing to keep the tax rate increase among the lowest in the Greater Toronto Area.

The Strategic Plan was shaped by a number of factors:

- The City's vision, mission and values
- The 2018 Citizen Satisfaction Survey results
- The 2018 Business Sector Survey results
- The 2018 Employee Engagement Survey results
- The 2019 business plans from each portfolio, office and department
- The 2019 Budget and 2020-2022 Financial Plan
- The priorities identified by the Mayor and Members of Council

## GOVERNANCE FRAMEWORK

The 2018-2022 Term of Council Service Excellence Strategic Plan provides the overall direction that is then executed through the activities identified in departmental business plans, which

are aligned to individual performance goals. A sound governance structure of both internal and external reporting is imperative to the City's success in achieving this four-year plan.

## BREAKING DOWN THE STRATEGIC PLAN

The 2018-2022 Term of Council Service Excellence Strategic Plan is guided by the City’s mission, vision and values. It is then divided into nine strategic priority areas:
