

Disruption Alert

Notice of construction: North Maple Regional Park (NMRP) until late 2023

The next stage of park development is in motion! Construction is ongoing and will take place in stages; it is expected to be completed by late 2023. The scope of work includes grading, underground services (water, stormwater, sanitary, gas, electrical and telecommunication), and the environmental restoration of approximately 52 hectares (130 acres) of the park to prepare for future development.

Safety first! We ask that all park visitors exercise caution and respect all on-site signage, fencing and barriers. For your own safety, please stay out of these designated areas under construction and stay clear of equipment and machinery. During this time, different areas of the park may be closed to the public:

- **Tobogganing hill and existing facilities are closed for winter 2022/2023.**
- There will be some trail access restrictions in effect until spring 2024.

Future trail and wayfinding signage are coming soon. Check vaughan.ca/NMRP regularly for project updates and more information.

We apologize for any inconvenience. Thank you for your cooperation in keeping everyone safe!

For more information, please contact Service Vaughan at 905-832-2281 or service@vaughan.ca. After hours, please call the dispatch office at 905-832-2281 and press 0.
