			Inside curb radius shall be no less than 9.0 metres.		
4. Show <b>driveway width, curb radius and vertical clearance</b> throughout access route	2.1.4	SW-102	Driveway width shall be a minimum 6.0 metres from face-of-curb to face-of-curb.		
			Radius throughout entire access route shall be no less than 12.0 metres (centre line).		
			A minimum vertical clearance of 4.4 metres throughout entire access route.		
5. Show <b>ingress / egress and turnaround (or continuous forward motion)</b> throughout access route	2.1.5	SW-103	1. Cul-de-sac Outside curb radius no less than 13.0 metres. *Note additional conditions if cul-de-sac has an island.		
		SW-104	2. Three Point Turn (Turning Stub) Inside curb radius no less than 9.0 metres, and - If road width is 6.0 metres or greater, the depth of the turning stub shall be no less than 11.0 metres.		
			3. Continuous Forward Motion Access shall be a minimum of 6.0 metres throughout entire access route (from face-of-curb to face-of-curb) and observe required turning radius.		
6. Show <b>grade</b> of access route	2.1.6		The slope of the access route shall not exceed 5%.		
7. Show affected <b>support structures (if any)</b> throughout access route	2.1.7		If a waste collection vehicle must pass over a support structure(s), show support structure(s) and indicate whether support structure(s) can support a minimum of 35,000 kg.		
8. Show snow storage areas	2.1.1		Snow storage areas must not interfere or compromise the minimum specifications of the Access Route or turning operations.		

DESIGNATED LOADING AREA					
9. Show <b>location</b> of loading pad, as well as the 18.0 metre straight-ahead approach	2.2.1	SW-105	In addition to location of loading area, ensure a minimum of 18.0 metre 'straight ahead' approach is shown.		
10. Show <b>design</b> of loading pad	2.2.2	SW-105	Loading pad design shall have a minimum base 300 mm of compacted 20mm crusher run-limestone and shall be finished to a minimum of 200 mm depth of concrete or a City approved alternative (i.e. heavy duty pavers). See additional requirements should loading pad form part of the access route.		
11. Show <b>dimension</b> of loading pad & vertical clearance at loading pad	2.2.3		The required number of waste containers set out for collection determines the length and maximum width of the loading pad (pad shall not be less than 6.0 metres wide). Dimension to include sufficient space for the movement of containers on loading pad.		
12. Show <b>staging of all waste containers</b> on the loading pad	2.2.4		Show footprint of all waste containers on the loading pad. as well as required space for special collections (i.e. bulky items, oil, corrugated cardboard etc.) and sufficient space for the movement of containers within storage facility.		
13. Show <b>grade</b> of loading area	2.2.5	SW-105	Grade of loading pad shall be no greater than + / -2% (grade of cross fall).		
14. Show <b>bollards</b> or other type barrier(s) on either side of loading door	2.2.6		Bollards or other type barriers are to be installed on either side of the loading door(s).		
WASTE STORAGE FACILITY(S)					
15. Show <b>ventilation requirements</b> meet Ontario Building Code minimum standards	4.1.4 or 5.1.2		Responsibility of Owner to meet no less than minimum standards pursuant to Ontario Building Code and appropriate odour controls requirements for Waste Storage Facility.		
16. Show <b>location &amp; dimension</b> of internal waste storage facility	4.3 or 5.3		Refer to appropriate section to determine options. If compactor is used, a separate waste storage room must be shown.		
OTHER					
17. Show <b>Collection Method and Container Requirements</b>	3.2 or 4.2 or 5.2		Include type, size and number of waste containers required for all waste streams. This information is to be consistent with the information on the Waste Servicing Details Form (Appendix A – Part 1).		
18. Show Waste Management Site Plan is <b>stamped and signed</b>	1.3.1		Waste Management Site Plan must be stamped and signed by Professional Engineer or an Architect licensed in Ontario.		

ADDITIONAL REQUIREMENTS FOR MULTI UNIT RESIDENTIAL OR MIXED USE DEVELOPMENTS					
<b>Note:</b> This section is to be completed <i>only</i> if the development is residential or mixed use. Please indicate whether the development is residential or mixed use.					
18. Show <b>number of units</b>	3.1.2 or 4.1.2		Indicate number of residential dwelling and commercial units (where applicable).		
19. Show <b>three stream system</b>	4.1.3		Provide a typical floor plan showing the chute system on every floor.		
			Provide a 'plan' view of multi-sort system and layout of containers in waste storage area. <i>(As additional supporting information, the City may require the manufacturer's brochure of the chute system be provided with the submission).</i>		
20. Provide letter certified by a qualified Engineer that affected <b>support structures</b> can support 35,000 kg	2.1.7		If a waste collection vehicle must pass over a support structure(s), show support structure(s) and indicate whether support structure(s) can support a minimum of 35,000 kg.

Total Development Application Fees				

## Notes – Applicable to All Development Planning Applications

- Any application fees paid prior to the date this By-law comes into force, shall be credited to the amount(s) due under this By-law.
- If an application is withdrawn in writing by the Applicant:
  - prior to a technical report proceeding to Committee of the Whole, 25% of the fee may be refunded; or
  - prior to a Public Meeting, 50% of the fee may be refunded.
- Should the Applicant request that a Public Meeting be cancelled (after Notices have been mailed out) and held at a later date, the total cost incurred for the second mailing of a Public Meeting Notice shall be borne by the applicant.
- An appeal of any of the Planning Applications identified in this By-law to the Local Planning Appeal Tribunal shall be subject to a \$875.50 Planning Department Administrative fee for each application appealed, to be paid by the Appellant.
- Site Development applications for new individual (excluding new detached residential dwelling developments(s) proceeding through the plan of subdivision approval process) detached dwellings that are to be constructed within any Heritage Conservation District Study and Plan, as defined by Vaughan Official Plan 2010, are subject only to the Simple Revision fee for Site Development Applications, and will require Council approval of the application. The Heritage Review fee shall also apply.
- For a Mixed-Use development, where more than one use is proposed on a site, the applicable Site Development application fee shall be the Base fee, plus the total of the fees for each individual use/units added together. For a Zoning By-law Amendment Application, Site Development Application and Draft Plan of Subdivision Application, where residential uses are proposed, the per unit residential fee shall apply to each unit for each application type.
- Major Official Plan Amendment: A “Major” Official Plan amendment is an Official Plan amendment that:
  - any proposed re-designation or change in land use for a property(ies);
  - requires many changes to the policies and schedules of the Official Plan;
  - is more significant in scale and scope than a minor Official Plan amendment, and which may have greater impact or policy implications beyond the subject lands. Applications relating to more than one property would normally be in this category;
  - a site-specific application representing a large-scale development/redevelopment or a change in use. An application involving significant changes to the text or policies of the Official Plan would also fall in this category; and
  - an Official Plan amendment within a Heritage Conservation District.
- Minor Official Plan Amendment: A “Minor” Official Plan amendment is an Official Plan amendment that:
  - proposes a small-scale exception to a specific Official Plan standard (e.g., minor variations (maximum 10%) to numerical values, such as, the number of permitted units, building height, and gross floor area; or to add a site-specific use limited in scale, excluding outside/open storage and environmental standards);
  - proposes a minor change to a specific policy that is limited in scope to one property;
  - maintains the intent and purpose of the Official Plan; and
  - shall have limited impact or policy implications beyond the subject lands.

9. Official Plan, Zoning By-law Amendment, Site Development, Block Plan and Secondary Plan Applications – Recirculation fee applicable when substantial changes are initiated by the applicant that requires a full recirculation for review and comment prior to Council approval. When more than one related application (e.g., Official Plan and Zoning By-law Amendment) is filed, the fee shall only be applied for one of the related applications.
10. Deleted in its entirety.
11. OTHER GENERAL FEES:  
\$1030.00 per year Maintenance Fee charged to files inactive for over 1 year (where the Applicant prefers not to close the file). The Development Planning Department may close a file if the Applicant does not pay the above within 30 days of written notice from the City.
12. Fees for Landscape Inspection and Landscape Review are subject to HST.
13. Per unit fee charge is based on a decreasing per unit rate. For example, a Zoning By-law Amendment application for a proposed residential development with 1,130 units, the fee is calculated as follows:  

For the first 25 Units = 25 Units x \$720	= \$18,000
For the next 26-100 Units = 75 Units \$268	= \$20,100
For the next 101-200 Units = 100 Units x \$81	= \$8,100
For each Unit above 200 = 930 Units x \$36	= \$33,480
Total Per Unit Fee	= \$79,680
14. Tree Protection Fee paid only one time either at Draft Plan of Subdivision or Site Development Application as applicable. The payment of this fee is subject to HST (13%).
15. Where more than one application type requires an additional Public Meeting or Committee of the Whole Report for a development, only one surcharge fee shall apply.
16. The fee is a one-time reinstatement fee of a Draft Plan of Subdivision for which the approval has lapsed within the past 5 years.
17. All Official Plan and Zoning By-law surcharge fees shall be paid prior to the item being enacted by Council and/or paid within 30 days of a Decision issued by the Ontario Land Tribunal (OLT).
18. A Community Infrastructure and Housing Accelerator (CIHA) Order request application fee is equivalent to the combined fees charged for the processing of an Official Plan and Zoning By-law Amendment. Staff retain the ability to determine whether the fee for an Official Plan and/or Zoning By-law Amendment is deemed major or minor in nature.
