

Private Property Tree Removal

Removal Permit By-law (052-2018)

APPLICATION FOR DEAD / HAZARDOUS TREES, OR EMERALD ASH BORER INFECTED ASH TREES

Street Address: _____

CTS No.: _____

Permit No.: _____

OFFICE USE ONLY

To be completed after the application has been reviewed by Parks, Forestry and Horticulture Operations.

The Emerald Ash Borer is a wood-boring beetle native to China, Japan, Korea, Russia, and Taiwan that specifically attacks and kills Ash species (*Fraxinus* spp.). Unfortunately, once the tree has been infested there is very little that can be done to prevent it from dying. The Forestry department has modified the Private Tree Application Form to ensure that Ash trees on private property are inventoried and property owners are not charged for their EAB tree removal permits. This permitting process has been extended to dead and hazardous trees.

Initiation Date: _____ Process Receipt Number: _____ Received by: _____

Approved: _____ Denied: _____

Check List:

- Application
- Two colour pictures required per tree:
 - a) Close up of the tree showing issues
 - b) Picture of whole tree
- Written consent from neighbour
- Arborist Report if applying for a hazardous tree

DEAD / HAZARDOUS TREES OR EMERALD ASH BORER INFECTED ASH TREES

APPLICATION INSTRUCTIONS

Application Number: _____

1. This application is applicable to the removal of any one (1) or more Ash trees due to infestations of the Emerald Ash Borer (EAB) or dead / hazardous trees.
2. Application form to be completed by applicant. Print CLEARLY. Incomplete applications will not be processed resulting in delays and restart of application initiation date.
3. Application process is a maximum of 30 working days. Applications involving multiple trees or requiring additional site visits may require a longer process.
4. Municipal address must include street name and number. (911 numbers for rural locations)
5. Provide colour photographs of the dead, hazardous or Ash tree(s) being removed. Photos are to include a close up of the tree (must show dieback/thinning of foliage) and a photo taken at a distance providing a complete view of the tree.
6. Provide written consent from an adjacent property owner where the base of a tree straddles a property line.
7. Provide written authorization from the owner if this application is signed by an applicant other than the owner, or by an agent.
8. Email this application and supporting documentation to **treepermits@vaughan.ca** or submit to Parks, Forestry and Horticulture Operations, Joint Operations Centre located at 2800 Rutherford Road, Vaughan ON L4K 2N9.
9. Tree being applied for under the hazardous clause will require an Arborist Report completed by an ISA or MTCU certified arborist, with an explanation of why the tree is considered hazardous.
