

Road Resurfacing and Rehabilitation

WARD 3 | NEWSLETTER #2 | APRIL 2024

Dear resident,

The City of Vaughan is undertaking important municipal infrastructure improvements to the following roads in the Ward 3 community:

- Carlauren Road
- Chrislea Road
- Jevlan Drive
- Northview Boulevard
- Roytec Road
- Silmar Drive
- Silton Road

Construction timelines

Construction is expected to begin by May 2024 and is anticipated to be complete by November 2024.

What work is being done?

The City will be restoring community roads and making required repairs to existing curbs and sidewalks.

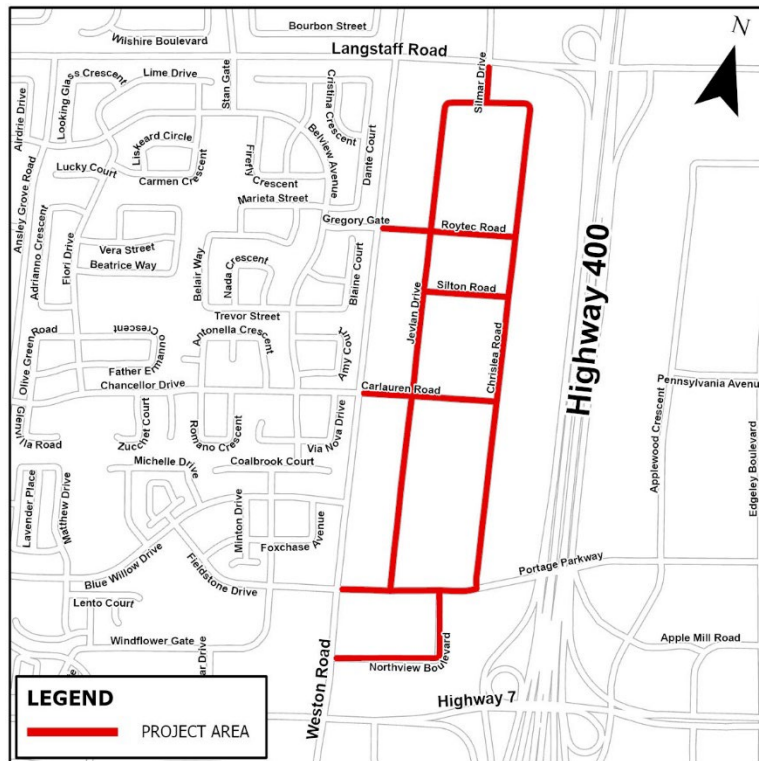

How will this impact you?

Roads will remain open to vehicular and pedestrian traffic during construction. Temporary lane restrictions will be required to allow construction activities to proceed safely and efficiently. Access to private and commercial driveways and entrances will also be impacted at times throughout construction.

If you have limited mobility and require accommodation to your property, or if you plan to undertake any landscape work adjacent to a City-owned property during this time, contact the City's Infrastructure Delivery department at 905-832-2281, extension 8917.

Underground systems, such as lawn sprinklers, heated driveways, electrical conduits or landscaping within City-owned boulevards or property limits may be impacted by this work. **Removing privately-owned underground systems in advance of construction, at the owner's expense, is recommended. The City is not responsible for any damage that may occur during construction to privately-owned items within City property limits under the Encroachment By-law No. 034-2017.**

For more information about the work, visit vaughan.ca/PavementManagement.
