The contract has been awarded to Viola Management Inc. **Construction is expected to begin in early May and is anticipated to be complete by November 2024.**

Here are the answers to your most frequently asked questions:

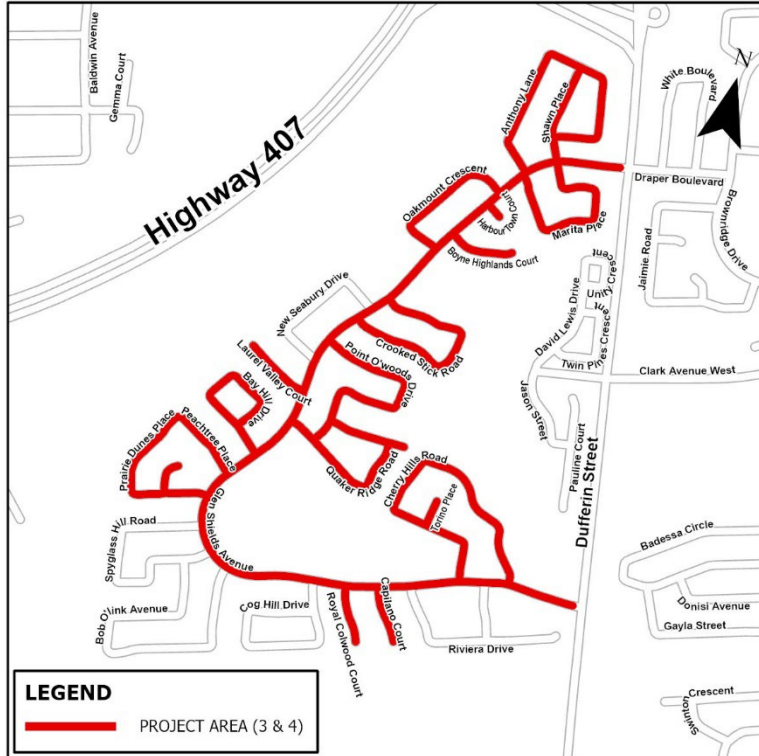

The contractor installed new sod on my lawn. Who is responsible for the maintenance?

The contractor is responsible for watering and maintaining the new sod. However, you are encouraged to water it as frequently as possible to ensure root growth and healthy green grass.

My driveway is blocked due to the work. Will I get a parking ticket if I park on the roadway?

The City's By-law department has been notified of the roadways impacted by construction and staff was instructed not to issue tickets. **However, if you are parked contrary to the posted parking prohibitions, or parked within nine metres of any intersection, three metres of a fire hydrant or less than a metre away from any private driveway, you could be ticketed.** You can review the City's Parking By-law 064-2019 at vaughan.ca/bylaw for more information.

If you have received a ticket for parking on the road while your driveway was inaccessible due to scheduled City work, please contact the City's Infrastructure Delivery department via email at infrastructure.delivery@vaughan.ca.
