What is a Development Application

Development is a broad term referring to any activity that results in a change of land use, construction of a new building(s) or the creation of a parcel(s) of land.

Development applications are proposals put forward by a landowner that must be carefully considered and reviewed to ensure they are consistent with Provincial, Regional and City plans and policies.

There are six types of development applications reviewed by City staff and Vaughan Council, which are governed by the *Planning Act*:

- Official Plan Amendments (OPAs)
- Zoning By-law Amendments (ZBAs)
- Draft Plan of Subdivisions
- Site Development Applications
- Draft Plan of Condominiums
- Part-lot Control Exemptions

In some cases, the landowner may submit one or more of these applications at the same time for consideration by the City.

More about these applications can be found at **vaughan.ca/PlanningProcess**.

How we plan

Provincial and regional plans and policies

The Province of Ontario regulates land use through plans and policies, including the Provincial Planning Statement, Greenbelt Plan and Oak Ridges Moraine Conservation Plan. The Provincial Planning Statement provides direction on matters of provincial interest related to land use planning and sets targets for the number of new residents and jobs for certain areas. Based on these targets, together with the policies of the Greenbelt Plan and Oak Ridges Moraine Conservation Plan, official plans set the vision and plan for where and how this growth and development will be accommodated. All Council decisions regarding a planning application must conform to and be consistent with Provincial plans and policies.

Vaughan's Official Plan

Vaughan's Official Plan serves as Council's roadmap for growth and land use within the city and must conform with the Province's policies and plans. It establishes the City's long-term vision and values, stated through goals and policies that help guide decision-making on land development, economic growth, urban design, the environment and more. Ultimately, the Official Plan guides where different types of land uses and developments should be located.

Secondary Plans

Secondary Plans build on the City's Official Plan by providing policy guidance and direction for smaller and focused geographic areas. In some cases, they can also provide more prescriptive policies to reflect the uniqueness of the area they cover. A Secondary Plan defines all the elements needed for successful development, including new roads, land uses and active transportation routes, open spaces and parks, policies to establish land uses and key infrastructure requirements.

Zoning By-laws

A Zoning By-law is a more detailed planning tool used to implement the Official Plan policies in order to regulate how land is used. They provide specific standards for how development and construction can occur on a property. A Zoning By-law ensures that what is built meets the vision of the Official Plan and any land use plans.

How development decisions are made

Before the shovels hit the ground, development proposals must go through the following **five-step** review and decision-making process:

Step 1

An applicant may have an initial consultation with the City by submitting a Pre-Application Consultation request, which includes an overview of their proposal and concept plans. Once received, City staff will arrange a meeting with the applicant and required commenting authorities, such as internal departments and external agencies, like York Region, provincial ministries, and the Toronto and Region Conservation Authority, to identify the application type and submission materials required, and provide high-level feedback on the proposal.

Step 2

Once a formal development application has been submitted, in most cases, a sign is posted on the site in question to let the community know what is being proposed. A written notice is also sent to all residents living within 150 metres (as per the Vaughan Official Plan) of the site, informing them of an upcoming Public Meeting to discuss the proposal.

Step 3

A Public Meeting is held to share the proposed application, if required as per the *Planning Act*. During this meeting, the applicant will present the proposal and members of the community will have an opportunity to provide input. Please note, no decisions are made during this meeting.

More information about speaking live during a Public Meeting can be found at vaughan.ca/HaveYourSay.

Step 4

Following the Public Meeting, City staff finalize their review of the application and prepare a formal report for Council's review at a future Committee of the Whole meeting during which staff's recommendations on the application will be considered.

If outstanding issues are not resolved, staff can recommend the refusal of the application.

Step 5

A decision is made. At the next Council meeting, Members of Council will vote to approve, amend or refuse the application. For Site Development Applications, approval is delegated to staff following a comprehensive review period.

What if I don't agree with Council's decision?

As per the *Planning Act*, in many cases only a specified person, public body or registered land owner – to which the application would apply – has a statutory right to appeal a decision to the Ontario Land Tribunal (OLT) within 20 days after the day of the giving of the formal notice is complete, if they made an oral submission at a Public Meeting or written submission to Council. Other third parties, including residents, are not permitted to appeal but may be permitted to be added as a party to an appeal subject to the *Planning Act*.
