- adding a lookout with seating, interpretive signage and naturalization plantings.

Timelines

- Work is anticipated to begin by the end of June and will be completed in phases.
- The park is anticipated to reopen in 2026, pending weather and site conditions.
- New trail connections are expected to open in 2027.

To safely complete the work, the park **will be closed** during construction. Signs and barriers will be in place to guide visitors.
