

Disruption Alert

Temporary road closures required in Ward 3 to complete installation of oil and grit separator units

The City of Vaughan is installing new oil and grit separator units within the storm sewer systems on select streets in Ward 3. Similar to maintenance holes, these units are an important part of the City's stormwater infrastructure.

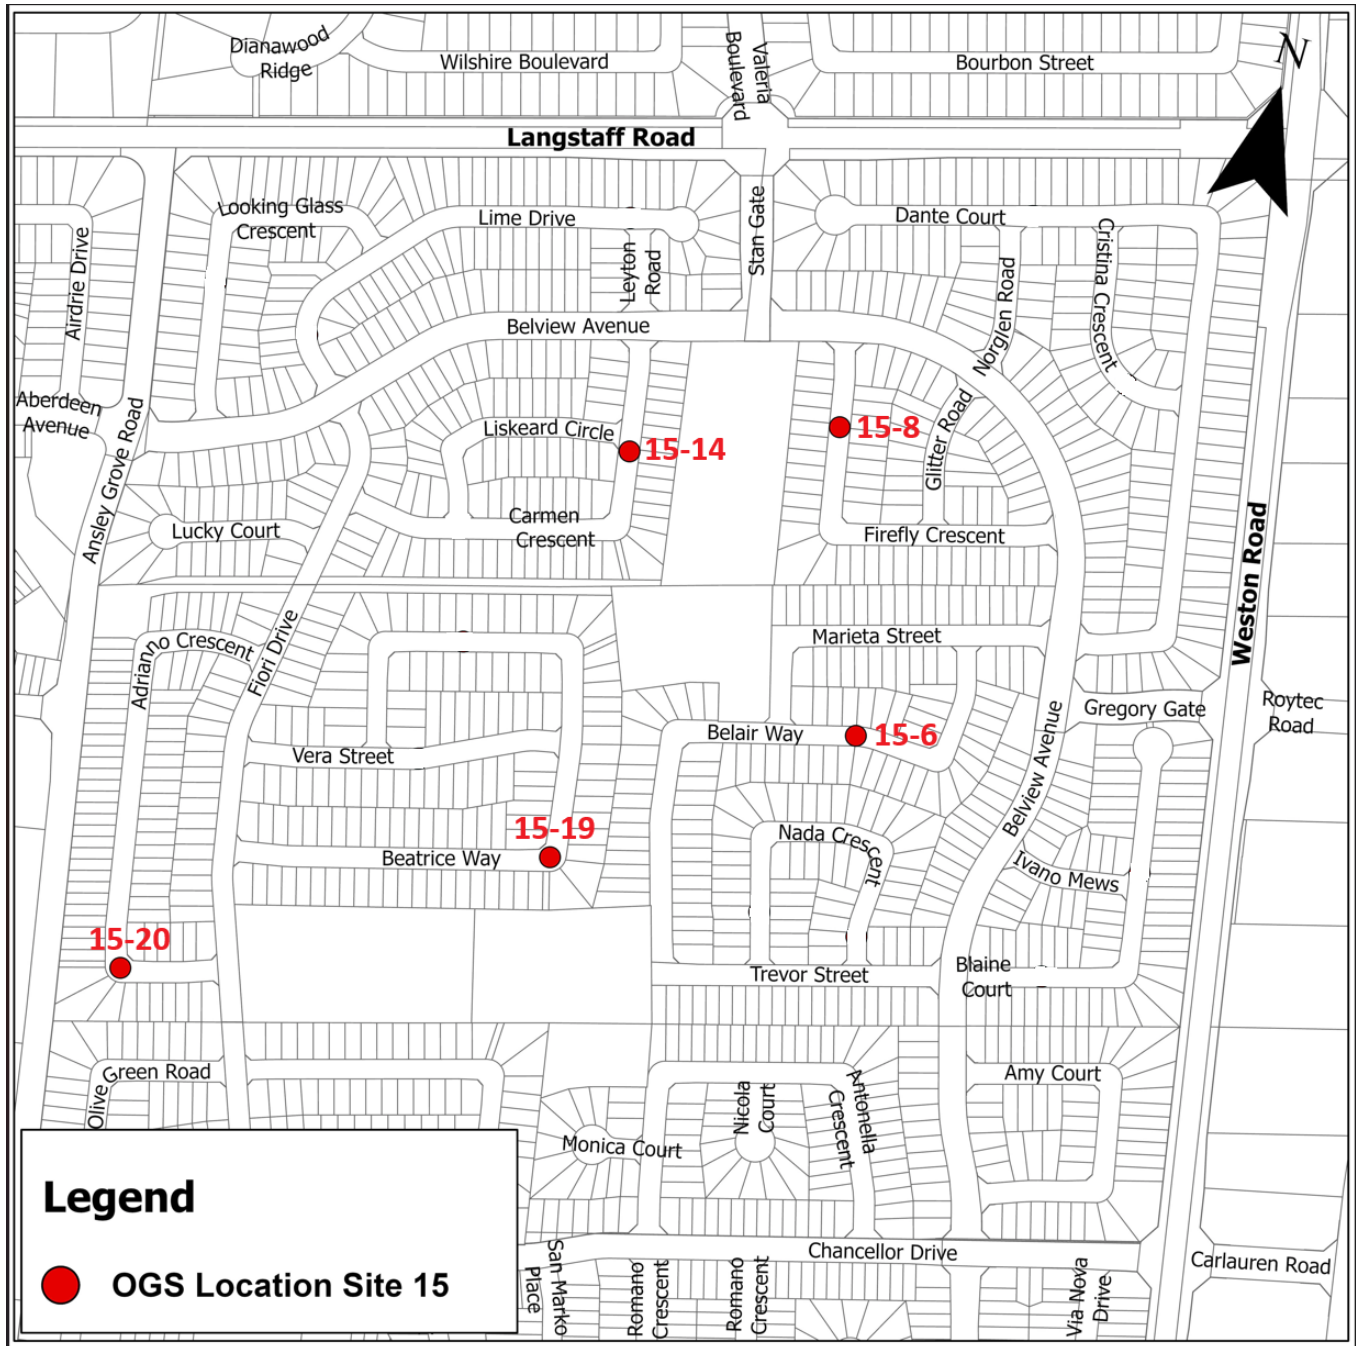

To safely complete this work, temporary road closures will be required at the following locations:

- Firefly Crescent (94 Firefly Cres. to 106 Firefly Cres.) from Monday, July 27 to Friday, July 31
- Adrianno Crescent (26 Adrianno Cres. to 32 Adrianno Cres.) from Tuesday, Aug. 4 to Monday, Aug. 10
- Beatrice Way (95 Beatrice Way to 105 Beatrice Way) from Tuesday, Aug. 11 to Thursday, Aug. 13
- Carmen Crescent (87 Carmen Cres. to 107 Carmen Cres.) from Friday, Aug. 14 to Thursday, Aug. 20
- Belair Way (120 Belair Way to 136 Belair Way) from Friday, Aug. 14 to Thursday, Aug. 20

During the closures, driveway access for residents within the work areas will be temporarily restricted. The City has temporarily lifted on-street parking restrictions for affected residents.

Residents and businesses impacted by the road closures will be notified in advance of the work. Waste collection in these areas will continue without interruption.

Disruption Alert
