9000 BATHURST STREET – STATUS UPDATE REQUEST

The Committee of the Whole recommends approval of the recommendation contained in the following member's resolution submitted by Councillor Yeung Racco, dated May 5, 2015:

Member's Resolution

Submitted by Councillor Sandra Yeung Racco

Whereas, the community continues to raise concerns about the status of the application file OP.13.013 and Z.13.036 Islamic Shia Ithna-Asheri Jamaat of Toronto; and

Whereas, the applicant has indicated they are working on a revised application that will reflect input received from the Working Group, as well as preliminary comments from the City and its review agencies; and

Whereas, on September 9, 2014 Council adopted the following recommendations:

That in the event that a comprehensive revised proposal containing a conceptual master plan is submitted, the tenure of the Working Group be extended for an additional 5 months during which time it will hold a minimum of 2 Working Group sessions, after which Staff be directed to provide a status report to the Committee of the Whole in March 2015; and

That in the event that the Applicant does not submit a comprehensive revised proposal containing a conceptual master plan by November 15, 2014, it is recommended that the Working Group does not reconvene and staff will request final comments from City Departments and external public agencies and is directed to provide a comprehensive technical report which sets out recommendations to approve or refuse the development application;

It is therefore recommended that Council request the applicant to either submit an updated conceptual master plan by May 31, 2015 and a complete application by July 10th 2015 or to abandon the current application; and

That the applicant be requested to provide clarity to the community and Working Group on how they wish to proceed at the earliest opportunity.
