Purpose

The purpose of this report is to inform Council that the municipal services constructed pursuant to the Subdivision Agreement between Fernbrook Homes McNair Creek Limited and the City are complete and can be considered for assumption by the City.

Background - Analysis and Options

The Fernbrook Homes McNair Creek Phase 1 Subdivision, Plan of Subdivision 65M-3930, is a residential development comprised of 121 single lots, 13 part lots, 1 partial school block and 1 partial stormwater management block and is located south of Teston Road and west of Bathurst Street in Ward 4 as shown on Attachment No.1.

The Subdivision Agreement with Fernbrook Homes McNair Creek Limited was executed on August 21, 2006 and the Plan of Subdivision was subsequently registered on October 25, 2006. The construction of the roads and municipal services in Plan 65M-3930 was considered substantially complete on February 12, 2015.

The Developer has maintained the municipal services in the subdivision during the required minimum thirteen month maintenance period and has rectified all deficiencies with the exception of minor landscape and streetscape deficiencies. All documents required for assumption have been received and the grading of all lots in the subdivision has been certified by the developer's engineering consultant.

Development inspection staff, in conjunction with the developer's consulting engineer, has conducted all necessary inspections of the municipal services and are now satisfied with the extent of the work to recommend assumption. The Development Planning department has advised that there are minor streetscape and landscape deficiencies and is requesting financial securities in the amount of \$8,500 be retained to ensure these works are satisfactorily completed. The Transportation Services and Parks and Forestry Operations department has requested \$500 be retained for the rectification of minor tree deficiencies.

Clearances have been received from all pertinent City Departments including Development Engineering and Infrastructure Planning, Development Planning, Building Standards, Transportation Services and Parks and Forestry Operations, Parks Development, Environmental Services, and Clerks. In addition, the Financial Planning and Development Finance Department has confirmed that all of the City's financial requirements associated with this subdivision have been satisfied.

Accordingly, Fernbrook Homes McNair Creek Limited has requested the municipal services constructed in conjunction with the Fernbrook Homes McNair Creek Phase 1 Subdivision Agreement be assumed by the City.
