The Subdivision Agreement with Fernbrook Homes Major Mac Limited was executed on November 26, 2007 and the Plan of Subdivision was subsequently registered on June 26, 2008. The construction of the roads and municipal services in Plan 65M-4069 was considered substantially complete on July 3, 2015.

The Developer has maintained the municipal services in the subdivision during the required minimum thirteen month maintenance period and has rectified all deficiencies with the exception of minor landscape and streetscaping deficiencies. All documents required for assumption have been received and the grading of all lots in the subdivision has been certified by the developer's engineering consultant.

Development inspection staff, in conjunction with the developer's consulting engineer, has conducted all necessary inspections of the municipal services and are now satisfied with the extent of the work to recommend assumption. The Development Planning department has advised that there are minor landscape and streetscape deficiencies and is requesting financial securities in the amount of \$30,000 be retained to ensure these works are satisfactorily completed.
