Background - Analysis and Options

Block Plan

In February 2003, the City of Vaughan received Block Plan File BL.40/47.2003 from the Developer's Group for Blocks 40 and 47, to establish the comprehensive planning framework for

these blocks including, but not limited to, the proposed land uses, housing mix and densities, protection and enhancement of the natural environment, the location of parks and community facilities, servicing infrastructure, transportation (road) network, public transit, urban design, and, phasing for the Blocks to manage growth.

The Block 40/47 Block Plan was originally considered by Vaughan Council at a Public Hearing on June 21, 2004. On February 18, 2014, Vaughan Council enacted By-law 18-2014 to adopt OPA #744, to establish secondary plan level policies for Block 40/47. Since the initial submission of the Block 40/47 Plan, it has been modified to respond to the policies of OPA #600, as amended by OPA #744, and to respond to comments from various public agencies, stakeholders and Ratepayers Associations. OPA #744 designates the lands within the Block 40/47 Plan as required by OPA #600, to guide development in the Blocks and maintain the complex ecosystem functions and cultural heritage attributes associated with the Block Plan area.

A Public Hearing for the revised Block Plan submission, which responds to the policies of OPA #600 as amended by OPA #744, was held on February 25, 2014, and the recommendation to receive the Public Hearing report, was ratified by Vaughan Council on March 18, 2014. On June 24, 2014, Vaughan Council approved the Block 40/47 Plan shown on Attachment #5, subject to York Region approval of OPA #744, and additional conditions. The proposed Draft Plan of Subdivision and Zoning By-law Amendment applications will facilitate development that is consistent with the Vaughan Council approved Block 40/47 Plan shown on Attachment #5.

b.	Block 40/47 Plan (Attachment #5)	<ul style="list-style-type: none"> ▪ The Block 40/47 Plan shown on Attachment #5 was approved by Vaughan Council on June 24, 2014, subject to conditions. A specific condition (in part) of Block Plan approval requires that prior to the draft approval of the first Draft Plan of Subdivision in the Block 40/47 area, Vaughan Council shall have given final approval to the Block 40/47 Plan with any required revisions to reflect changes thereto resulting from fulfillment of the conditions of approval and any changes resulting from the Regional review and approval of OPA #744. The Vaughan Council resolution also permits that such approval of the Block Plan can be granted concurrently with the approval of the first Draft Plan of Subdivision. ▪ The Block 40/47 Plan matters respecting land uses, housing mix and densities, environmental protection, servicing infrastructure, transportation (road) network, public transit, urban design and phasing, must to be addressed through the Block Plan approval process. ▪ Certain conditions of the Block 40/47 Plan approval may be addressed through the Draft Plan of Subdivision approval process.
c.	Proposed Draft Plan of Subdivision (Attachment #3)	<ul style="list-style-type: none"> ▪ The proposed Draft Plan of Subdivision must conform to the final approved Block 40/47 Plan, which may result in changes to the proposed Draft Plan of Subdivision shown on Attachment #3. ▪ The location and design of the proposed streets and all of the residential part blocks must be co-ordinated with the adjacent Draft Plan of Subdivision (File 19T-03V25) to the east and south.
d.	Appropriateness of Proposed Zoning	<ul style="list-style-type: none"> ▪ The appropriateness of the proposed zoning and site-specific zoning exceptions will be reviewed.
e.	Urban Design and Architectural Guidelines	<ul style="list-style-type: none"> ▪ The owner will be required to prepare Urban Design and Architectural Design Guidelines for review by the Planning Department and approval by Vaughan Council.
f.	Servicing	<ul style="list-style-type: none"> ▪ Municipal water, sanitary sewers, stormwater management pond, and erosion and siltation control measures must be provided in accordance with approved Block 40/47 Block Plan and Master Environmental Servicing Plan (MESP). ▪ The availability of water and sanitary servicing capacity for the proposed development must be identified and formally allocated by Vaughan Council, if the applications are approved. Should servicing capacity not be available, the use of the Holding Symbol “(H)” will be considered for the subject lands or a portion(s) thereof.

g.	Transportation/Roads	<ul style="list-style-type: none"> ▪ An updated Traffic Study has been submitted as part of the Master Environmental and Servicing Plan (MESP), to identify traffic impacts associated with the Block 40/47 Plan area and any mitigative measures as may be required. A traffic study for the subject lands may be required to identify traffic impact of the proposed development. ▪ The subject lands abut Teston Road and therefore, a noise report was submitted in support of the applications to address impact and mitigation measures for the lands. ▪ The subject lands abut Teston Road, which is identified as a Minor Collector road with a 24 m wide right-of-way. The appropriate road widening(s), if required, must be approved by York Region. ▪ The proposed Draft Plan of Subdivision includes local roads with right-of-way width of 17.5 m which must be approved by the Vaughan Development/Transportation Engineering Department. The road network must also be co-ordinated with the adjacent Draft Plan of Subdivision (File 19T-03V25) located to the immediate east and south of the subject lands. The number of east-west and north-south local roads, and the right-of-way dimensions and geometric standards must be established in consideration of the conclusions and recommendations of the City-wide Transportation Master Plan and the Block 40/47 Master Environmental and Servicing Plan (MESP) Transportation Studies. ▪ Any Transportation Reports to be submitted in support of the subject applications must be consistent with the Traffic Impact Study submitted with the MESP and shall be reviewed and approved by York Region and the Vaughan Development/Transportation Engineering Department.
h.	Parks and Open Space	<ul style="list-style-type: none"> ▪ Parks and Open Space shall be provided in accordance with the final approved Block 40/47 Plan area and cash-in-lieu of parkland, if required, shall be paid by the owner in accordance with the City's cash-in-lieu policy. ▪ A Master Landscape Plan will be required to address the coordination of urban design and streetscape treatments for the Block 40/47 Plan area and any landscaping associated with boulevards, entrance features, and buffers to open space blocks and stormwater management ponds. ▪ A detailed Tree Inventory and Assessment Study may be required for review. ▪ A vista/parkette is proposed to be located on Block 110; the necessary studies and landscape design and treatment must be submitted for the approval of the City of Vaughan and the Toronto and Region Conservation Authority.

i.	Sustainable Development	<ul style="list-style-type: none"> Opportunities for sustainable design, including CEPTD (Crime Prevention Through Environmental Design), LEEDS (Leadership in Energy and Environmental Design), permeable pavers, bio-swales, drought tolerant landscaping, alternatives to vehicular modes of transportation, energy efficient lighting, reduction in pavement to address the "heat island" effect, etc, will be reviewed through the Plan of Subdivision process.
j.	Phase 1 Environmental Report	<ul style="list-style-type: none"> A Phase 1 ESA (Environmental Site Assessment) for the subject lands was submitted in support of the applications and must be approved to the satisfaction of the Vaughan Development/Transportation Engineering Department.
k.	City of Vaughan and Public Agency Review	<ul style="list-style-type: none"> The owner will be required to address all City of Vaughan and Public Agency review comments including, but not limited to, the Toronto and Region Conservation Authority, York Region, Ministry of Natural Resources, Ministry of Tourism Culture and Sport, and the York District Public and Catholic School Boards.
l.	Developers Group Agreement	<ul style="list-style-type: none"> The owner must enter into the final approved Developers Group Agreement for Block 40/47 Plan area to the satisfaction of the City, respecting, but not limited to cash-in-lieu of parkland and parkland over dedication and cost sharing for the provision of roads, parks and municipal services within the Block Plan area.
m.	Toronto and Region Conservation Authority	<ul style="list-style-type: none"> The subject lands abut a valley system and include Open Space and Open Space Buffer Blocks. The owner must satisfy all requirements of the Toronto and Region Conservation Authority.
n.	Ministry of Natural Resources	<ul style="list-style-type: none"> The Ministry of Natural Resources (MNR) has provided comments respecting the proposed Block Plan which must be addressed to the satisfaction of the MNR. The MNR has recommended that given the sensitivity of the features in the valley system including the presence of Redside Dace, a more sensitive zoning (e.g. Environmental Protection) should be considered.

Relationship to Vaughan Vision 2020/Strategic Plan

The applicability of the applications to the Vaughan Vision will be determined when the technical report is considered.
