(Andridge Homes) and the City are complete and can be considered for assumption by the City.

#### **Background - Analysis and Options**

The Andridge Homes Phase 2 Subdivision, Plans of Subdivision 65M-4016, 4019 and 4133 is comprised of 91 residential lots and a Parkette, and is located south of Teston Road and west of Bathurst Street in Ward 4 as shown on Attachment No.1.

The Phase 2 Subdivision Agreement with Andridge Homes was executed on August 15, 2007 and the Plans of Subdivision were subsequently registered on September 14, 2007. The construction of the majority of the roads and municipal services in Plan 65M-4016, 4019 and 4133 was completed in January 2012.

The Andridge Phase 2 subdivision servicing works were staged in two construction phases. The municipal services in the first construction phase as described on Attachment No.2 are now completed. It is anticipated that the works associated with the second construction phase of the subdivision will be completed in late 2014. The Developer has maintained the municipal services in the first construction phase of this subdivision during the required minimum thirteen month maintenance period and has rectified all deficiencies. In addition, the grading of all lots in the subdivision has been certified by the Developer's Engineering Consultant. Accordingly, the Developer has requested that the roads and municipal services in the first construction phase of the subdivision be assumed by the City.

All documentation required by the Subdivision Agreement for assumption has been submitted. Development/Transportation Engineering staff, in conjunction with the Developer's Consulting Engineer, have conducted all the necessary inspections of the municipal services in the subdivision and are now generally satisfied with the extent of the works.

The Commissioner of Engineering and Public Works has received clearance from all pertinent City Departments including Development/Transportation Engineering, Development Planning, Building Standards, Parks Development, Parks and Forestry Operations, Public Works, and Clerks.

The Development Finance and Investments Department has confirmed that all of the City's financial requirements associated with this subdivision have been satisfied.

#### **Relationship to Vaughan Vision 2020**

The development of this subdivision and the assumption of the municipal services are consistent with Vaughan Vision 2020, which encourages management excellence through planned and managed growth and the maintenance of City assets and infrastructure. This report is consistent with the priorities previously set by Council and the necessary resources have been allocated and approved.
