

Thank you for helping the City design a new district park in your neighbourhood!

Alongside more than 185 students from École intermédiaire catholique Renaissance, Dr. Roberta Bondar Public School and Roméo Dallaire Public School, you shared your vision for a new district park that is coming soon to your neighbourhood.

What's next?

The landscape architects will be using your ideas – as well as ideas from other community members – to create a plan for the park. Once the plan is ready, the City will share it with you and your community at an online Public Open House. Follow the project and stay up-to-date by visiting vaughan.ca/PeterRupertPark.
