Subject: Regional Councillor Vacancy

The resignation of Regional Councillor DiBiase leaves a vacancy that I propose Council should consider not filling with a replacement councillor.

The next Municipal elections fall in 2018. It would take a minimum of some three months to arrange an election of a replacement councillor or to seek nominations of persons interested in being appointed and selecting an appointee. Meantime the remaining representatives on the Regional Council (The Mayor and two Regional Councillors) will arrange to cover the portfolios previously handled by DiBiase with extra staff support if necessary.

I suggest that those arrangements to cover the "DiBiase" portfolios remain in place for the duration until the 2018 election.

Yours sincerely,

Roger Dickinson
