I write to express my opposition to the proposed eight story Condo Quote File #OP. 14.006 on the corner of Wallace St. and Woodbridge Ave. It not in keeping with the landscape and integrity of the existing built form specifically on Woodbridge Ave. which are town homes and single detached homes on large sites. There are many other sites that have more modern structures of this nature that can accommodate this structure. Given the historical nature of this location and the existing heritage strictures in the area no development should be pursued on this site until such time that an archaeological assessment be conducted.

Thank you,
Leslie Ann Coles

The lack of gender equity in filmmaking [and in other arts] is perhaps a self-sustaining cycle. Movies shape the way that people see the world and by extension, the way that people see women. - Odessa Kelebay
