COUNCIL – March 19, 2013

March 5, 2013

To: Mayor Bevilacqua

Re: Committee of the Whole – Feb. 26, 2013
Item 16, Official Plan Amendment, Zoning By-law & Site Plan
7890 Bathurst St.

Dear Mayor Bevilacqua,

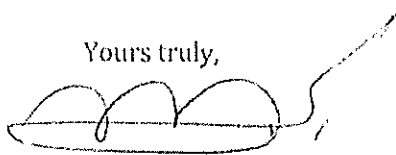

It has come to our attention that the above noted development proposal was deferred by the Committee of the Whole at last week's meeting, in spite of the fact that it had the full support of the City's planning staff, as evidenced in the planning report, which recommended approval.

The community is very anxious to see this last piece of land developed to complete the Thornhill City Centre. This subdivision has been a wonderful asset and has created a sense of community that did not exist before.

Chabad Israeli has realized our dream of creating a community centre adjacent to Thornhill City Centre and close to transit. We could not have been in a position to build our synagogue without the tremendous amount of support we received from Mr. Fred Darvish and Liberty Development Corporation over the last 10 years. Liberty has played an enormous role in creating this dynamic, attractive, liveable subdivision and we would like to see this last piece completed as soon as possible.

We would ask that this matter be brought back to your Council meeting of March 19, 2013 for approval and hope that it will get the full support of Council.

Yours truly,

Rabbi Israel Landa
