Gentlemen,

We recently learned of City Council's vote to unanimously reject the above-noted site application in its current form, and wanted to acknowledge and thank you for your support and consideration of the Ratepayers' and our concerns regarding this development.

We hope now, that the OMB will also carefully evaluate this site application at the meeting scheduled for September 13th, and too, see its many short comings.

Best regards,

Elizabeth Langenberger and Mace Blundell

Subject: September 7th Committee of Whole Meeting - Agenda Item #1, FCF Old Market Lane Inc. Site Application

Gentlemen,

We recently learned of tomorrow's Committee meeting which will be discussing the above-referenced development. Prior commitments do not allow us to personally attend this meeting so, we are writing to you today, to voice our strong opposition to the current proposal made by the Developer of the lands in the Heritage District located at the corner of Woodbridge and Wallace Avenues.

We support the Village of Woodbridge Ratepayers Association's position and concerns regarding this development, and believe, that if allowed to proceed as applied for currently, would set a terrible precedent, and have a devastating impact on the Community.

We strongly urge you to reject the proposed development application in its current form, endorse the recommendations of the Technical Report, and support those recommendations at the Ontario Municipal Board hearing.

We thank you for your time and consideration, and continue to want to make our Woodbridge community a better place to live.

Best regards,

Elizabeth Langenberger and Mace Blundell
