CARRIED

Member's Resolution

Submitted by Councillor Marilyn Iafrate.

Whereas, The Boulevard subdivision in Kleinburg has an approved landscaping plan for the Grand Boulevard that was developed a number of years ago, and

Whereas, this plan needs to be modified to meet the current regulations of the TransCanada Pipelines for such landscaping within their pipeline properties, and

Whereas, a revised plan needs to be communicated by the developer to the community, and

Whereas, this is a time sensitive matter given that there is a small window of opportunity to begin the landscaping work this year and residents have been living in the subdivision for almost a decade, and

Whereas, it is crucial to have Urban Design staff present in order to address any questions as they relate to the revised plan.

It Is therefore recommended that City staff be authorized to attend one evening meeting in October 2017 in Kleinburg to address questions about the new proposal.
