Subject: FILE NUMBERS: OP.16.010 and Z.1.6.039: High Rise Development - INSLINGTON AND NAPA VALLEY

Hello,

It has just come to my attention that there is a development proposal for 10 and 6 floor condominiums at the address above.

I am extremely **opposed** to high rise construction in my neighbourhood for the obvious reasons but I am also extremely angry and concerned with the way in which the surrounding residents have not been adequately informed of such plans. This proposal should have been properly conveyed to the public and the potential affected residents. I firmly believe the neighbourhood tax payers should have a strong say in this proposed development. My say is absolutely **NO**.

Thank you.

Mr. Walter Antonel
