Transit
Initiatives

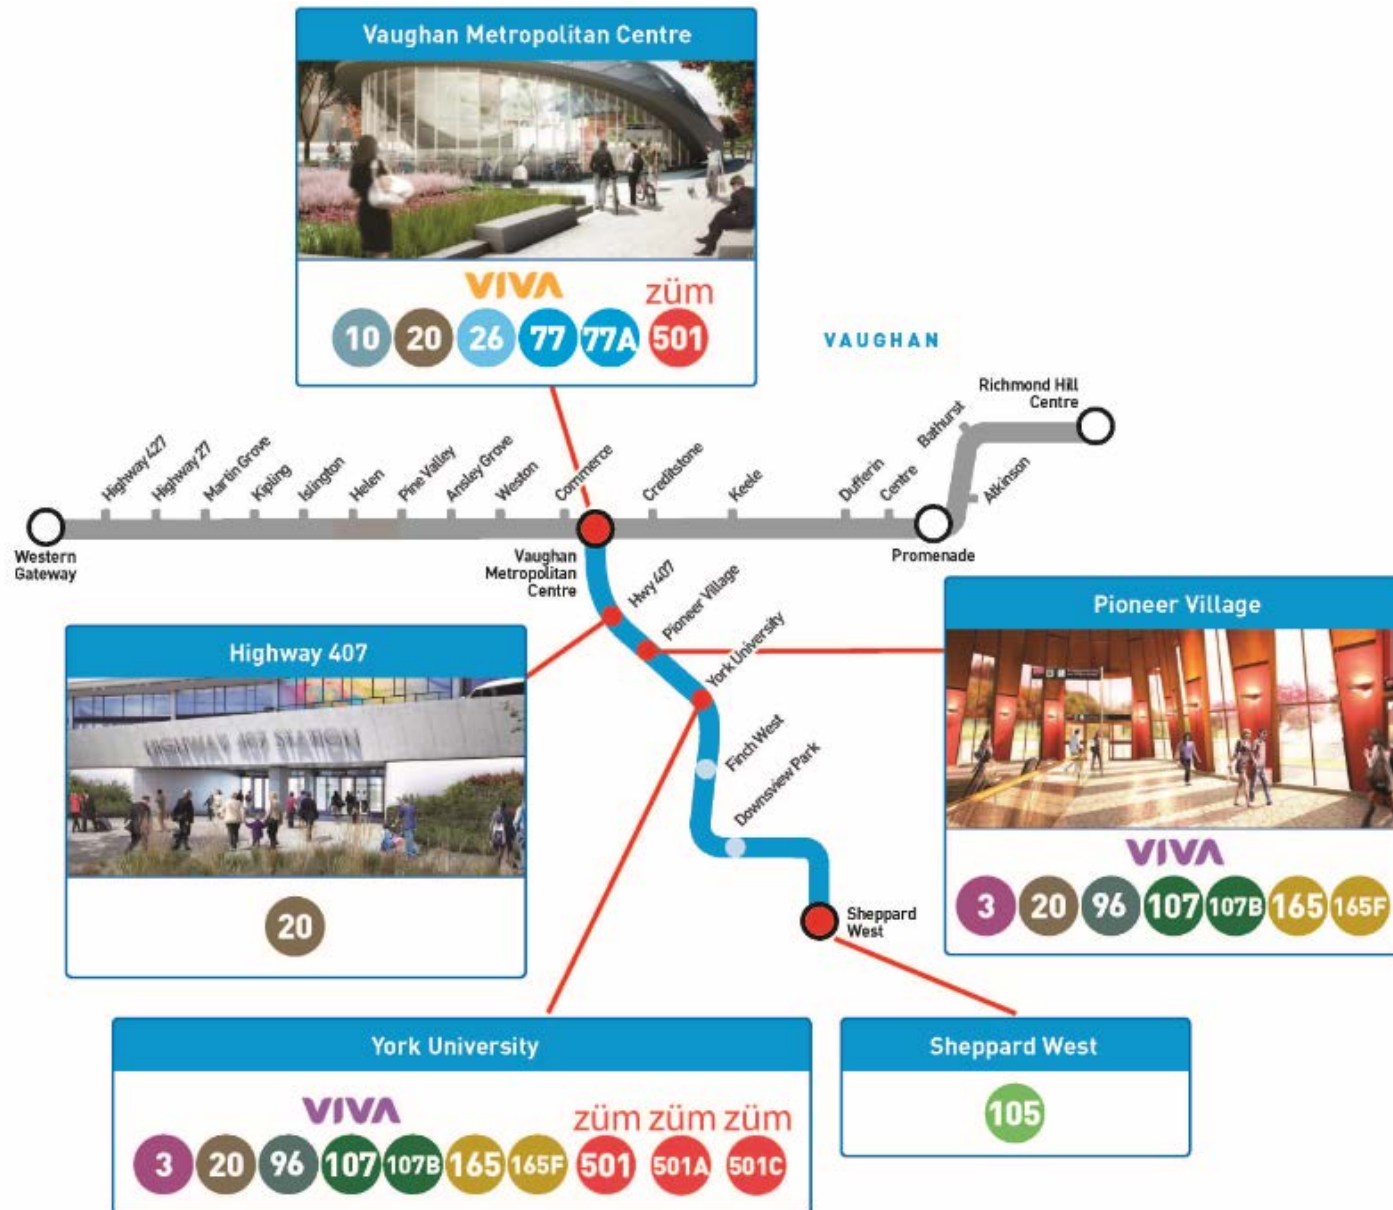

2018 Transit Initiatives

1. Toronto-York Spadina Subway Extension
2. Increased Traveller Capacity
3. Cornell Terminal
4. On-Demand Transit Strategy
5. Mobility Plus Cross-Boundary Service Enhancements

**Thirty-four service changes are proposed in 2018;
each one supports the five key initiatives**

Toronto-York Spadina Subway Extension

Increased Traveller Capacity

Operating 60-foot buses on high demand corridors is an efficient measure that also reduces the overall number of buses required

Cornell Terminal

Cornell Terminal will open in 2018 and would facilitate connections between GO Transit, Durham Region Transit and York Region Transit

On-Demand Transit Strategy

Travellers can request transit services when and where they need it

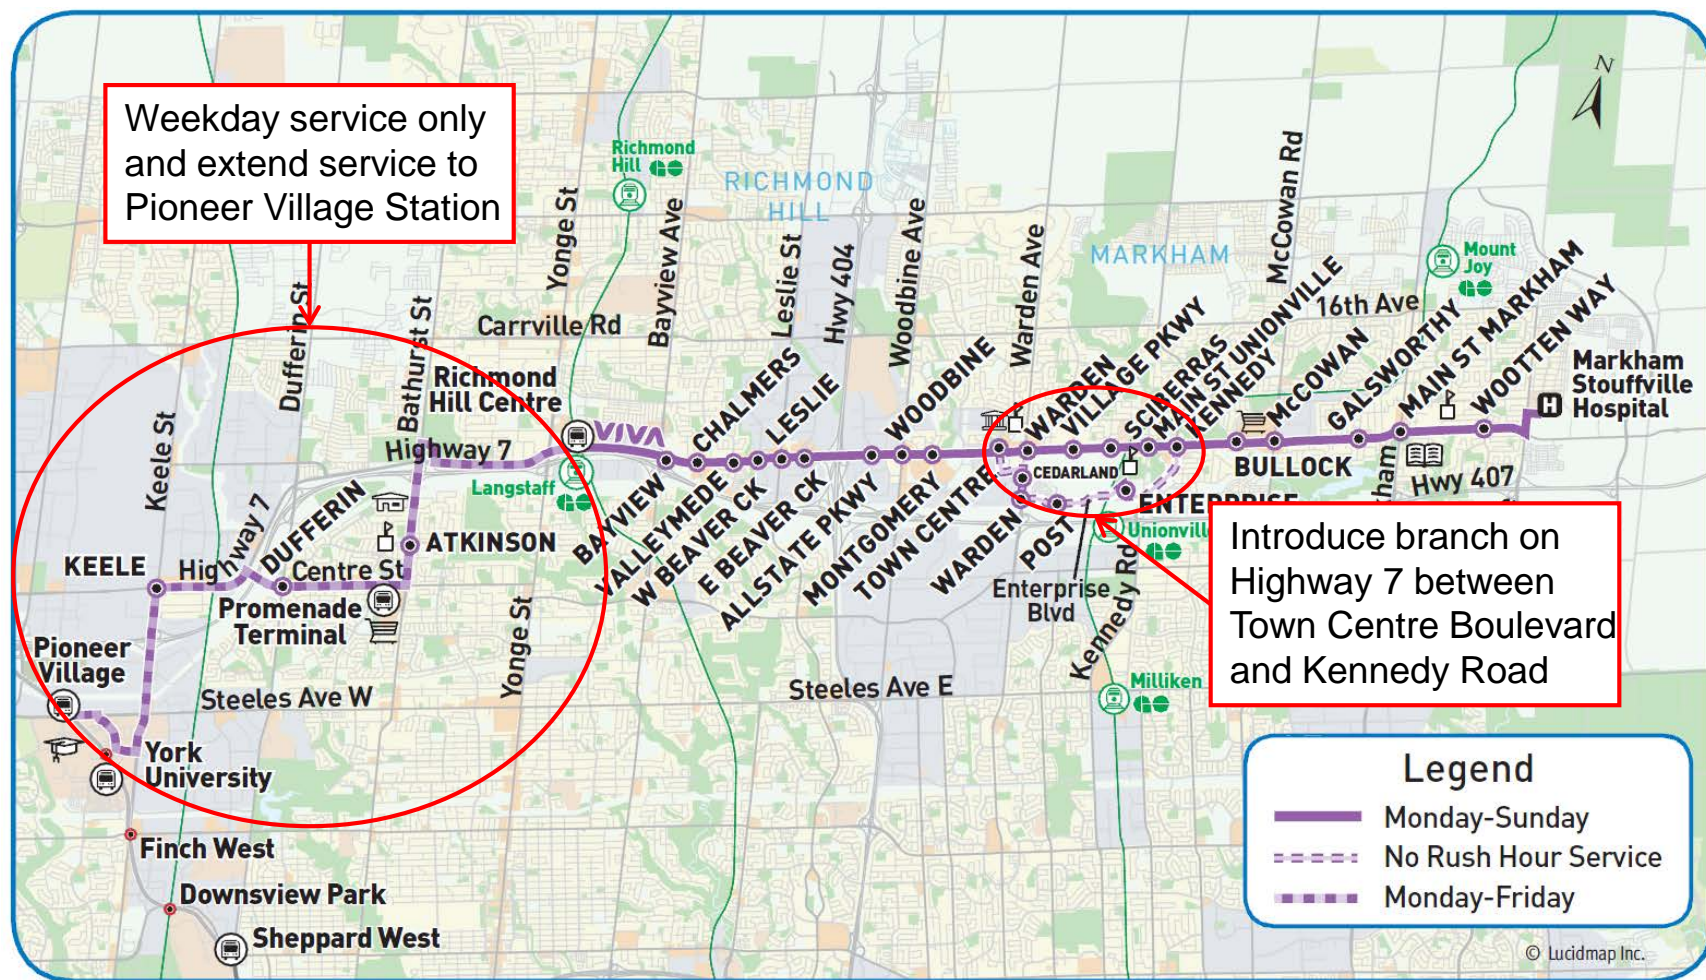

Mobility Plus Cross-Boundary Service Enhancements

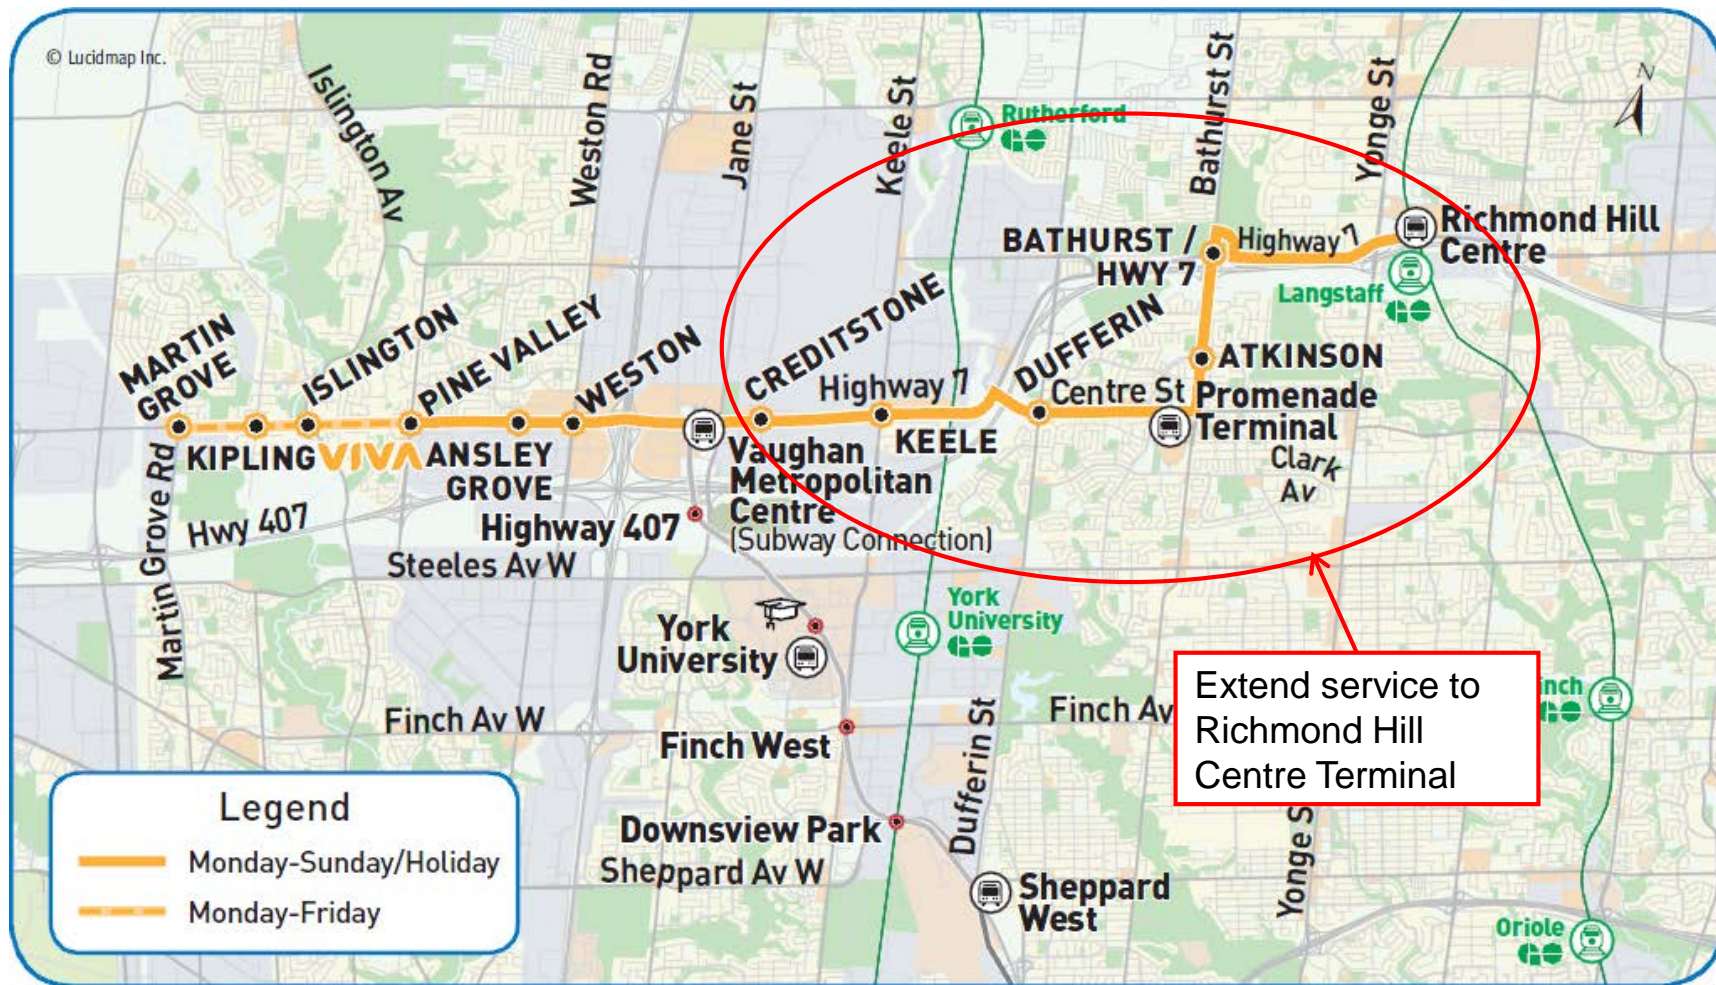

Simplifies travel for clients while making more vehicles available for spontaneous travel
