Attn: Mayor and Members of Council

Re: Proclaiming May -- MS Awareness Month -- in the City of Vaughan

Dear Mayor and Members of Council:

Did you know that Canada has the highest rates of multiple sclerosis - **in the world?**

Each day, three more Canadians are diagnosed with the disabling disease and its victims are getting younger.

What's worse, there is still no known cause or cure.

But there is hope.

Most of you are now familiar with the MS Carnation Campaign, the MS Society of Canada's longest running fundraising event.

For one week in May, flowers are sold in communities across the country to raise money for vital MS research – research that one day may hold the key to a cure.

This year's campaign will take place from May 8th to May 10th, Mother's Day weekend!

We would like your assistance in once again proclaiming May - **MS Awareness Month** - in the City of Vaughan. The Chapter would also request that our MS Flag fly in front of City Hall during the month of May.

I have enclosed last year's proclamation along with more background and facts on MS.

Thank you in advance for your assistance in the promotion of the **MS Carnation Campaign 2014**. You are giving people with MS the most precious gift of all – **hope**.

Yours Sincerely,

Joyce Tarek

PROCLAMATION

Whereas, Multiple Sclerosis is a chronic, often disabling neurological disease affecting an estimated 100,000 Canadians; and

Whereas, multiple sclerosis symptoms vary widely and may lead to problems with numbness, coordination, vision and speech, as well as extreme fatigue and even paralysis; and

Whereas, there is no known cause of, or cure for multiple sclerosis; and

Whereas, the Multiple Sclerosis Society of Canada founded in 1948, is the only national voluntary organization in Canada that supports both MS research and services for people with MS and their families; and

Whereas, the Multiple Sclerosis Society of Canada has invested \$140 million for MS research during the past 50 years, as well as a wide range of services for people with MS and social action.

Whereas, the dedication and commitment of the supporters and volunteers here today could only make this possible;

Now therefore, I, Maurizio Bevilacqua, Mayor of City of Vaughan, do hereby proclaim the month of May to be MS Awareness Month for the Multiple Sclerosis Society of Canada and for the MS Carnation Campaign and may it be heard far and wide that every flower makes a difference.

*Dated at the City of Vaughan
this the XXth day of XX, 2014.*

Mayor
