ISSUE: How to go east (to point "B" and beyond on the attached maps) from the proposed new development site ("A" on the attached maps) abutting Hilltop Cemetery (north side of Highway 7, east of Islington Avenue) once access is limited to "right-in, right-out"?

There are five suggested routes, all assuming motorists confine themselves to public highways. Each of these routes are shown on the attached maps.

- #1 Drive west to Islington, turn south to Steeles, proceed east on Steeles, turn north at Pine Valley Drive, turn east onto Hwy 7
- #2 Drive west to Islington, turn right, drive north to Willis, turn right at Willis, drive to Pine Valley, turn right onto Pine Valley, proceed south to Hwy 7, turn left/east
- #3 Drive west to Islington, turn right, turn right onto Monsheen, right onto Wigwoss, continue on Wigwoss (or Arrowhead until it meets Wigwoss, continue on Wigwoss) to Hwy 7, turn left onto Hwy 7
- #4 Drive west to Islington, turn south, make a u-turn on Islington, return to Hwy 7 and turn right
- #5 Drive west to Islington, turn north, make a u-turn on Islington, return to Hwy 7 and turn left

Given these alternatives, is it reasonable to assume that #4 and #5 will be the most popular choices, and do these options create an on-going hazard to traffic along Islington?
